British Resume Of-  
fensive North of  
the Somme and  
Crush German  
Second Line on  
Four Mile Front.

Haig's Plan Was a  
Surprise to the  
Germans, Who  
Were Not Expect-  
ing Flanking  
Movement.

Russians Are Stop-  
ped at the Stokod  
River, Where Des-  
perate Fighting Is  
Now Taking Place.

(Associated Press Cable)  
LONDON, JULY 14. — AT DAY-  
LIGHT THIS MORNING THE BRIT-  
ISH RESUMED THE OFFENSIVE  
NORTH OF THE SOMME ATTACK-  
ING THE GERMAN SECOND LINE  
DEFENSES, AND, ACCORDING TO  
REPORTS OF GENERAL HAIG,  
SUCCEEDED IN PENETRATING  
THEM ON A FRONT OF FOUR  
MILES.

Press dispatches from the front  
add that the villages of Bazentin-  
Le-Grand and Longueval, north of  
Montauban, and the remaining por-  
tion of Trones Wood were taken by  
the British.

The direction of the attack was  
something of a surprise; for instead  
of pushing on toward Comblès, Gen-  
eral Haig chose to attack the flank  
of the Germans who faced Contal-  
maison and Ovillers.

The advance to Longueval and  
Bazentin-Le-Grand gives the Brit-  
ish possession of important roads  
running in various directions which  
have been a great help to the Ger-  
mans in supplying their army di-  
rectly south of Ancre village.

There was no news this morning  
of important developments on the  
western front, but at the last ac-  
count the French were preparing to  
resume their offensive south of the  
Somme, while the Germans were  
still hammering at the defenses of  
Verdun.

The French estimate that the  
Germans have lost 12,000 men in  
winter attacks on Contalmaison.

The Russians have made no no-  
table advance on their part of the  
front since they gained the Stokhod  
river, where the struggle continues  
desperately.

The right bank apparently has  
now been cleared of Germans, but  
it is not known whether the cross-  
ing made by the Russians has given  
them firm footing on the left bank.  
General Bothmer, having received  
reinforcements has succeeded in  
driving the Russians in Galicia; but  
with Delatyn in the hands of the  
Russians, they possess an advan-  
tage from which further successes  
are expected.

Something New in

(By Associated Press Cable)  
Rome, via London, July 14.—The  
summit of Castellito, in the Tofana  
region, has been blown up by the  
Italians, the entire Austrian forces  
there being buried by the wreckage  
of the mountain, the War Office an-  
nounces today.

## FOUR INJURED PENNSYLVANIA TRAIN IS FIRED ON

The Broadway Lim-  
ited Last Night  
Near Bucyrus Is  
Mysteriously At-  
tacked.

By Associated Press Dispatch.  
Pittsburg, July 14.—It became  
known here today, from official re-  
ports received by the Pennsylvania  
Company, that four passengers on  
the Chicago-New York train No. 23,  
known as the Broadway Limited,  
had been wounded by shots fired at  
the train near Bucyrus, Ohio, last  
night.

The wounded are: R. J. Ward,  
Pittsburg; H. P. Gillette, Philadel-

phia; Keifer Newman, New Orleans  
and Bertha Goswelder, New Orleans.

The passengers were sitting on  
the observation platform of the last  
car, when a man fired a shotgun as  
the train passed.

Two shots were fired, and the  
scattering missiles struck the in-  
jured passengers in the legs.

A physician boarded the train at  
Lima, Ohio, and after dressing the  
wounds said none of the injured  
were in danger.

No report was made of the in-  
cident at Bucyrus today. The train  
was eastbound and the report was  
made directly to headquarters.

## EXPECT ORDERS AT ANY MINUTE

Camp Willis on the  
Qui Vive of Ex-  
pectancy.

By Associated Press Dispatch.  
Camp Willis, Columbus, July 14.  
—Indications here today were that  
the Eighth and First Regiments of  
the Ohio National Guard and the  
Ohio squadron of cavalry will re-  
ceive orders within 24 hours to en-  
train for the Mexican border.

Major Robert Mearns, chief fed-  
eral mustering officer, today noti-  
fied Central Army Headquarters at  
Chicago, that these units of the  
Guard were equipped with arias  
and accoutrements and that they  
will have clothing by nightfall.

Guard officers asserted Major  
Mearns' notification resulted from  
hurry up orders received by him  
last night.

Although the report did not state  
that the three Ohio units were rea-  
sonably ready for service, officers  
gave that meaning to the message  
and declared they believed moving  
orders will be received late today  
or tomorrow.

Rumors are rife that the Michi-  
gan militia will be brought to Camp  
Willis concentration site.

Adjutant General Hough has re-  
turned from a trip to Michigan, but  
declared his business was of another  
nature.

Officers say that the plan under  
way is to unite two companies of  
engineers from Michigan with four  
companies of engineers from Cleve-  
land, thereby making a complete  
regiment.

Members of the Ohio Guard on  
border duty will probably have the  
opportunity to vote.

Ohio has no absent voters' law,  
and it is reported Governor Willis  
has decided not to call a special  
session to take up a proposed en-  
actment to enable the men to vote.

## TEXAS GUARDS FIRST TO FIRE

By Associated Press Dispatch.  
San Antonio, Texas, July 14.—  
To Company C, Second Texas Infan-  
try, came the distinction today of  
being the first of the National  
Guard to exchange shots with the  
Mexicans, when they prevented a  
raiding party from crossing the Rio  
Grande near Donna, Texas.

Armed Mexicans, attempting to  
enter American territory at three  
o'clock in the morning, were de-  
tected by outposts.

They were ordered to halt but  
continued advancing. The Texans  
opened fire. The fire was returned,  
but discontinued after a minute, the  
Mexicans hurrying back to their  
own country.

None of the Americans were in-  
jured and it is believed none of the  
Mexicans were hit.

## LOADING UP

Baltimore, Md., July 14. — The  
work of loading the German subma-  
rine Deutschland with her cargo of  
nickel and rubber was begun this  
afternoon and proceeded with a  
speed that promised to have it com-  
pleted by tomorrow night.

No hint could be obtained from  
any source as to the time of the de-  
parture of the vessel.

## HAVOC IS WROUGHT BY STORM

Waves Break Over  
the Sea Wall at  
Charleston—Ship-  
ping Tied Up.

By Associated Press Dispatch.

Washington, July 14. — Wireless  
orders were sent to the coast guard  
cutter Seminole, off the North Caro-  
lina coast, today to go to the rescue  
of the naval collier Hector, reported  
in distress 40 miles southeast of  
Charleston, South Carolina.

The steamer is reported sinking.  
She is carrying 50 marines bound  
for Santo Domingo.

The tug Vigilant is said to be  
standing by, but whether the trans-  
fer of the crew and marines can be  
accomplished is unknown.

By Associated Press Dispatch.

Atlanta, Ga., July 14.—The hur-  
ricane which swept the South Caro-  
lina and Georgia coast last night  
cost two lives, caused extensive  
damage and tied up shipping.

Last reports said that the gale,  
which raged at 64 miles an hour, is  
increasing and the barometer is fall-  
ing.

Waves broke over the seawall at  
Charleston during the night and  
dashed against buildings along the  
water front, while a large number  
of barges and small vessels were  
torn from their moorings.

Tybee Island, a summer resort  
below Savannah, was partially inun-  
dated, and many persons left the  
island.

At Charleston, a Government boat  
carried 450 persons from Sullivan's  
Island.

## ALL "O. K." ON SUB BOAT

By Associated Press Dispatch.

Washington, July 14.—An advi-  
sory report on the status of the Ger-  
man merchant submarine Deutsch-  
land, submitted to acting Secretary  
Polk today by the Government Neu-  
trality Board, is understood to hold  
that the vessel is a peaceful mer-  
chant craft, entitled to all privi-  
leges as such.

Indications now are that the  
State Department will make no for-  
mal announcement concerning the  
submarine, but that the Treasury  
Department will be advised to per-  
mit her to clear and sail from Balti-  
more whenever her captain desires  
to start on the return trip.

## READY FOR DASH FOR OPEN SEA

By Associated Press Dispatch.

Baltimore, July 14. — Silence  
continues as to the date of the de-  
parture of the super-submarine  
Deutschland.

The tug Timmins is lying by, and  
it is stated that the vessel could be

GEN. WILLIAM CROZIER

Army Filling Rush Orders.

taken into clear water in ten min-  
utes.

It is learned that a big hydro-  
aeroplane is stored on the pier of  
the Eastern Forwarding Company,  
where the Deutschland is docked,  
and it is intimated by persons in  
close touch with the situation that  
the flying boat will be sent out on  
scouting duty before the subma-  
rine makes her dash for the Atlan-  
tic ocean.

## SHARK VICTIM BODY FOUND

By Associated Press Dispatch.

New York, July 14.—At low tide  
today the body of Lester Stillwell  
was found in Matawan Creek about  
400 feet from the port where he  
disappeared after being attacked by  
a shark.

The body had been bitten in two  
at the waist line. Patrols are  
shark hunting on the Atlantic  
coast.

It is reported that large schools  
of the fish have been seen not far  
from shore. Bathing has been prac-  
tically suspended.

The experts from the Government  
Department of Fisheries have been  
instructed to investigate the situa-  
tion. They report that the sharks  
appear to be of the blue nosed vari-  
ety.

These sharks are ordinarily not  
man eating when found in the cool-  
er waters, but fishermen say that  
scarcity of food has driven the  
sharks to seek human flesh.

The fishermen at Matawan Creek  
have laid steel nets across the  
stream, and they believe five or six  
sharks are trapped in the creek.

## LIVES LOST COAST STORM

Atlantic Coast Near  
Charleston Swept  
By Storm.

By Associated Press Dispatch.

Summerville, S. C., July 14.—Two  
men are reported killed and exten-  
sive damage done in Charleston by  
the storm which swept up the At-  
lantic coast last night, and contin-  
ued today.

Meagre dispatches from Charles-  
ton, 22 miles away, said at 10:15  
o'clock this morning the wind was  
still high and the waterfront was  
inundated.

First reports indicated the two  
men were killed when wind blew in  
the front of a store.

There is no streetcar service and  
trees and poles litter the streets.

## J. H. CLARK IS NAMED

By Associated Press Dispatch.

WASHINGTON, JULY 14.—J. H.  
CLARKE, U. S. DISTRICT JUDGE  
AT CLEVELAND, OHIO, WAS  
NOMINATED TODAY BY PRESI-  
DENT WILSON AS ASSOCIATE  
JUSTICE OF THE SUPREME  
COURT TO SUCCEED FORMER  
JUSTICE HUGHES, THE REPUB-  
LICAN NOMINEE FOR PRESI-  
DENT.

John H. Clarke, who has been se-  
lected by President Wilson to suc-  
ceed Charles E. Hughes as Associ-  
ate Justice of the United States Su-  
preme Court, is 59 years old and a  
bachelor.

The only office he has ever held  
is the United States District Judge-  
ship in the Cleveland District, to  
which he was appointed two years  
ago this month by President Wil-  
son.

However, Judge Clarke has long  
been a leader in the Democratic  
party in Cleveland and the state.

He was several times a candidate  
for the United States Senate, being  
a candidate against the late M. A.  
Hanna at one time.

His candidacy two years ago was  
nipped by his appointment to the  
bench.

Judge Clarke was born at Lisbon,  
Ohio, September 16, 1857. His fa-  
ther was a prominent lawyer and  
Democrat.

Clarke attended the Western Re-  
serve University at Cleveland and  
was graduated in 1887.

He was admitted to the Ohio bar  
the following year and two years  
later removed to Youngstown, where  
he practiced law until his  
removal to Cleveland 19 years ago.

Judge Clarke is financially inter-  
ested in the Youngstown Vindicator  
and has always manifested a deep  
interest in newspaper work and  
public affairs.

## OUTBREAKS BY SINN FEIN

Enraged By Non-  
release of Prisoners.

Cork, Ireland, July 14.—Chagrined  
by the no arrival of prisoners  
who were released after undergo-  
ing imprisonment since the Dublin  
rebellion, and who were expected  
here today, a thousand Sinn Fein-  
ers wrecked the recruiting office,  
hissed the military pickets and  
sang republican songs in defiance  
of the British troops.

## AN INCREASE IN EPIDEMIC

New York, July 14.—A marked  
increase in both the number of new  
cases and deaths in the infantile  
paralysis epidemic during the past  
24 hours was shown today by the  
record of 162 new cases while 31  
children died of the disease in the  
five boroughs of New York.

## LIMPING IN

By Associated Press Dispatch.

Charleston, S. C., July 14. — It  
was reported at 1:30 o'clock this  
afternoon that the collier Hector  
was making its way slowly into port  
though leaking badly.

DOG IS HERE AND COWBOYS LOSE \$3,500

Foot weary and Worn Out, Canine Accompanying Two Cowboys Who Passed Through Here, Takes Fancy to City and Remains.

Evidently believing that he had reached the most heavenly spot he had encountered on his long and weary journey from Montana, the dog which accompanied Montana Jake and Texas Frank, cowboys who passed through here the first of the week on an 8500 mile journey, has stopped here to make this his future home, or at least until his friends are notified of his whereabouts and arrange to have him shipped.

By stopping over in this city and abandoning his pals the dog caused the cowboys to lose a \$3500 wager, the terms of which provided that the dog must make the entire journey with the cowboys.

The animal stopped at the home of W. H. Householder, 630 South Main street, and since that time has appeared highly contented with his new home and the cordial treatment received.

The dog stopped at the Householder residence a short time after the cowboys had passed. The animal's feet were travel-worn and sore, and the marks of the shoes which had been placed upon its feet to protect them, were plainly visible.

In stopping at the Householder home the dog first rested several hours on the veranda, and later was given quarters in a coal shed. Now the dog comes and goes without being molested, and apparently is very happy in finding such a haven of rest after his two or three thousand mile journey.

So far as known the cowboys have not sought to locate the dog, and it may stay in this city the remainder of its days.

EARLY RETURNS FROM THRESHING

Although most of the wheat in the county is now cut, threshing is only beginning and much of the wheat has not dried out sufficiently for good quality.

As has been expected the wheat yields where threshed are short and the fact that one machine does the usual work of several speaks for itself.

The farmer who has 14 bushels per acre has a good yield this year. It is as yet too early to accurately forecast the average, but it is low.

The continued rise in price at the harvest is the most unusual feature of the threshing season.

Next week will see the threshing well under way.

Work on Paint street is moving forward fairly well at the present time, and the concrete base has been finished from the new station building to a point east of Main street, and from Lewis street to about one square east of the Central school grounds. The remainder of the base work will be completed sometime the coming week.

It is expected that next week will witness the laying of a great many brick on the street—a thing which will be very pleasing to the residents of the street who are growing restless under what appears to have been a great deal of delay.

STAMP VENDER IS INSTALLED IN LOBBY

A mechanical vender of one and two cent postage stamps has been installed at Rodecker's News Stand, in the postoffice lobby, so that those desiring stamps after office hours may obtain them by dropping a nickel in the slot. Four one-cent stamps or two two-cent stamps are released for each five-cent piece dropped into the vender. If a cent piece is dropped in it returns to the owner. Slugs are detected and rejected.

Auto Ditched; Two Killed.

Delaware, O., July 14.—Grover Skinner, twenty-five, and Fred Simpson, forty-five, both of Sunbury, this county, were killed in an automobile accident seven miles east of this city. Glenn Perfect, twenty-five, also of Sunbury, driver of the auto, was seriously injured. The machine turned over in a ditch at a sharp curve in the road.

Fire Loss of the Year.

Columbus, July 14.—According to reports received by State Fire Marshal Bert B. Buckley from practically all portions of the state, the fire loss from July 1, 1915, to July 1, 1916, was \$7,000,000, an increased fire loss of approximately \$1,500,000 over the calendar year Jan. 1, 1915, to Jan. 1, 1916. The increase was due to the large losses sustained the first six months of this year.

Willis On Saloon Contributions.

Columbus, July 14.—Governor Willis has written a letter to the state liquor license commission in which he expresses the desire that "licensed dealers throughout the state shall be given to understand that the retention of their licenses does not depend upon political pull, or upon campaign contributions, but instead depends upon their strict observance of the law." In the past it has been the custom of political parties to solicit funds from saloonkeepers for campaign purposes.

Probasco Too Late.

Columbus, July 14.—A letter was received at the office of the secretary of state from Harry R. Probasco of Cincinnati, requesting that his name be withdrawn from the list of candidates for the Republican nomination for United States senator. Secretary Hildebrandt replied that it would be impossible to comply with the request for the reason that the form of the state ballot had long since been certified to the county election boards and many of them, the office was informed, had ordered their ballots printed in accordance.

## PASSING OF ROAD CAUSES DEEP REGRET

The work of tearing up the old Lancaster and Hamden railroad was begun Tuesday and the rails will be converted into junk as speedily as possible over the stretch of road extending from Wyandotte to South Bloomingville. Some time ago a Columbus junk company bought the railroad for \$44,000.

Monday a New York Central locomotive leased by the junk company was sent down on the Hocking Valley. It was transferred to the Pennsylvania supplied with sufficient coal and after a trip to Wyandotte backed down the old Lancaster and Hamden or Columbus and Southern as it is sometimes called.

At the southern end of the road the tracks will be torn up and loaded on to freight cars that were taken down there for that purpose.

With the tearing up of the rails passes the hopes of residents of the Saltcreek valley that the road would be kept intact and in the near future equipped and open to travel.

The passing of the old road is a distinct loss to farmers of that section of this county as well as Ross and Hocking county.—Circleville Union Herald.

The Chautauqua

On the 20th—only a few days ahead of us now—the Chautauqua opens. This year the sessions will be held on the Central school ground, in all respects an ideal location, centrally located, well arbored with trees and in case of sudden showers the handsome auditorium is available for speaking and entertainment.

The Chautauqua deserves the liberal patronage of Washington people and will doubtless receive it, because, primarily the Chautauqua program is an excellent one, instructive and uplifting, along wholesome lines, character building for individuals and for the community.

The Chautauqua has come to stay and each season the course is extended and improved. The bureau number on their lists our brainiest men, our most talented speakers and our greatest thinkers—men who are devoting their wonderful talents to the work of improving conditions for man collectively and severally.

There is another reason why this year's Chautauqua should be liberally patronized and that's because the guarantor's organization is, in no sense one for profit. It has for its object the securing of a community moral building entertainment.

Any surplus over the guaranteed fund the committee proposes to spend in play ground equipment to be placed on the Central school grounds for the children of the city.

Washington needs play grounds and equipment. The proposal of the guarantors would make the valuable school ground property available in vacation as well as during the school term for the children's use.

That very proposal is in itself an evidence of the advance that has been made along the line of right and practical thinking.

Every Washington citizen anxious to hear a wonderfully good entertainment program as well as to do something practical for the coming generation should take up his season ticket in advance of the opening of the grounds.

It is worth while from every angle of view.

The Menace of Russia

The Central Powers are far more concerned, according to observers and critics, over the tremendous advance of the Russian armies in the east than they are over the French and British offensive in the west.

Even the casual observer can understand the reason for the existence of that anxiety.

In the west the Germans are well fortified and well supplied with provisions and munitions—they had every reason to believe that Russia was hopelessly beaten in the German offensive last year and that for a year at least Germany had shaken the great bear off her back, leaving the Kaiser's army free to guard the western front.

The marvelous recuperative power of the Russians has amazed and stunned the German strategists. Instead of being free of the Russian menace the sudden appearance on the eastern front of a larger and more powerful army with an inexhaustible supply of ammunition is fraught with grave danger to the cause of the Central Powers.

Then too, the Russian hosts are not as agreeable as invaders as the foes on the western front.

The prospect of eastern Germany being overrun with the hosts of the Czar is an appalling prospect for the orderly, cleanly German people to face.

Betty Green's Death

No other woman ever demonstrated such ability and power in the financial districts of New York as did the late Betty Green and the success with which she managed her securities was the admiration of successful money kings.

It was only lack of inclination which prevented her from influencing the money market to a larger extent than she did, a fact which has been proved to more than one Wall Street veteran.

Mrs. Green's business ability is known throughout the world, but it is not always remembered that while she inherited a fortune, the colossal fortune which she left—estimated at between \$100,000,000 and \$200,000,000—was accumulated through her own business acumen and excellent judgment.

It would have seemed almost past belief a few years ago that this vast estate should have been so wonderfully managed and so greatly increased by the keen foresight and shrewd business methods of a woman. But the day for such surprise is over and instead of giving more than a passing thought to the masterly methods of this famous woman, Gotham is now interested in the son who succeeds to the fortune and speculation is now rife as to whether he will continue to follow the example and instructions of his remarkable mother.

The general verdict is that he will and that there will be little disturbing of securities by departing into paths deemed unwise by one of the most capable women who has ever been connected with the big financial circles.

There is no unbelief,  
Whoever plants a seed beneath the sod  
And waits to see it push away the clod.  
He trusts in God.

Whoever says when clouds are in the sky,  
"Be patient, heart; light breaketh by and by,"  
Trust the Most High.

Whoever sees 'neath Winter's field of snow  
The silent harvest of the future grow,  
God's power must know.

Whoever lies down on his couch to sleep,  
Content to lock each sense in slumber deep,  
Knows God will keep.

The heart that looks on when eyelids close,  
And dares to live when life has woes  
God's comfort knows.

There is no unbelief;  
And day by day, unconsciously,  
The heart lives by that faith the lips deny.  
God knoweth why.  
—Edward Robert Bulwer Lytton.

MEMORIAL TO IRISH POETS.

Remarkable Scene in New York For Victims of Dublin Revolt.

New York.—A remarkable scene took place on the knoll of the meadow in Central park recently. Three Irish poets, Patrick H. Pearse, Thomas MacDonogh and Joseph Plunkett, who were executed in the recent Dublin revolution, were memorialized in poetry and purpose by leading American poets.

The dean of American poetry, Edwin Markham, presided. Mr. Wilton Lackaye, a native of Dublin, recited the last poems of Pearse. Miss Eleanor Rogers Cox delivered a poem written by her for the occasion, entitled "A Song For Ireland's Martyred Poets."

A sympathetic letter was read from William Dean Howells, the famous author, and poems appropriate to the occasion were read by the poets Joyce Kilmer, William Hamilton Hayne, Edwin Markham, Margaret Widener, Harold Johnson, Theresa Brayton, Daniel Burnet, George Sterling, Seamus O'Sheel, Anna Hempstead, Corinne Roosevelt Robinson and Peter Golden. Resolutions were adopted to be sent to the families of the dead poets declaring respect and sympathy for the cause for which they died.

THE EPIDEMIC

(By American Press)

New York, July 14.—Again the toll from infantile paralysis was one death to every hour during the past twenty-four hours, an increase of seven over the day before. Eighteen of the new deaths occurred in Brooklyn, three in Queens and one in Richmond. Altogether there have been 311 deaths from the plague so far. The number of new cases reported during the last twenty-four hours is 117, 45 less than on the previous days. The total number of victims in hospitals is now 682. The health department is somewhat encouraged by the fact that no new sections of the city have been affected by the epidemic. There are now enough nurses and doctors to cope with the situation.

POLITICAL ANNOUNCEMENTS

FOR CONGRESS.

Washington, D. C.

My dear Editor:—

I desire, through your columns, to express to the Republicans of the Seventh District my appreciation of the honor of representing the people of my district in Congress.

I regard this one of the greatest fields for services open to any man who wishes to make the best use of his talents. To one with the habits of study Congress has no idle moment. There is no place where one's time is so taken up.

The present indications point to an extended session which will prevent my making a personal campaign. I have striven to be a useful legislator, naturally would like to have my course in public life approved. I must leave it with those who believe in me for approval at the polls August 8th. It will be my duty, as I see it, to remain here until all important legislation is disposed of, I therefore take this way of reaching the Republican voters to ask them for their support, if my course is consistent with what they have a right to expect of their Representative in Congress.

Very truly,  
S. D. FESS.

I am a candidate for the Republican nomination for County Commissioner, second term, subject to the decision of primary election August 8th. Your support will be appreciated.

# TRAINS CRASH IN BAD WRECK

**East Bound Passenger Train on C. H. & D. Runs Through Open Switch on House Track and Crashes Into Switch Engine—Passengers Not Seriously Hurt.**

The east bound C. H. & D. passenger train was wrecked in this city about 9:48 Friday morning when it ran through an open switch 160 yards west of the union freight station and crashed head on into the yard engine which had backed into the house siding a few moments before. Both engines were badly damaged and several passengers were more or less painfully injured.

The passenger engine was in charge of Engineer Frank Shobe of Dayton, formerly of this county, who was running at 30 to 35 miles per hour in order to make up some four minutes lost time.

The switch to the house track had been left open by the yard engine crew, it is claimed, and the passenger train rounded the curve and passing through the switch on to the siding, ran some 275 feet and struck the switch engine.

The pilot of the switch engine was smashed, but the engine was not disabled, and pulled the passenger train to Fairview, where another engine was attached.

The passenger engine was so badly damaged that it could not be moved. The pony trucks left the rails, the pilot was crushed and supporting rods snapped, while other damage resulted.

When the train struck the switch engine it hurled the passengers out of their seats and many sustained painful injuries.

Those taken to the Fayette Hospital in the Klever ambulance were: Mrs. Andy Loudner, this city, face cut; Alice Winburn, Chillicothe, laceration across face; Mike Butler, Dayton, side of face bruised and other slight injuries; R. Merritt, Athens, severe sprains.

All were given proper attention and again boarded the train, which was delayed about 25 minutes.

# SECOND WRECK SHOBE KILLED

About two o'clock this afternoon the ill fated C. H. & D. train which ran through an open switch, colliding with the yard engine, struck bad rail and overturned near Barr's Station, west of Coalton. Details of the latter wreck have not yet been obtained at the local office.

Word was received here from the fireman on the ill fated train that he had escaped, but that Shobe was still imprisoned under the engine and that the scalding steam was escaping in such quantities that all attempts to rescue the imprisoned engineer were frustrated.

Later in the afternoon the worst fears were realized when authentic news was flashed here that Engineer Frank Shobe was dead, his body imprisoned under the engine. Both the fireman and Shobe jump-

ed as the engine toppled over but Shobe was caught underneath the massive machine.

Scalding steam literally cooked his body; even his watch was melted.

Engineer Frank Shobe is a Fayette County man and has a host of friends here, who are shocked over the terrible news. His sister and brother still live here near Fairview this county.

## "POP" GEERS IS DEAD

Cleveland, O., July 14.—Edwin F. (Pop) Geers, one of the best known horse drivers in the country, died last night of a fractured skull, received while driving in a practice brush at North Randall track. He struck a barrow, was thrown from the sulky and fell under the feet of another horse. "Pop" Geers, who was seventy years old, was to have taken part in the meeting at the local track.

## CALL OLD AGE CONFERENCE

By Associated Press Dispatch. Cincinnati, O., July 14.—The Ohio Old Age Pension league headed by the Rev. Herbert S. Bigelow, who was president of Ohio's last constitutional convention, has issued a call for a state-wide old age pension conference to be held in Columbus at 10 a. m., August sixth.

This conference will be made up of delegates from labor and civic organizations, and is expected to finally decide upon the form of an old age pension bill to be presented to the legislature next winter. A campaign for the bill's adoption also will be organized.

## ATHLETICS PLAY HILLSBORO SUNDAY

The Athletics and the fast Hillsboro club will get together at Athletic Park Sunday afternoon in the first game of the recently contracted Hillsboro, Wilmington, Blanches, Washington series.

The Athletics are going into this series with determination and will present a formidable lineup. An addition is Corbin, old Chillicothe leaguer now of Dayton, in the catcher's box—a strong backstop and a regular giant with the stick. Linson, who has been showing extra good form lately, will toss for the locals Sunday.

The lineups follow: Hillsboro—Johnson, c; Rogers, 1b; Moorhead, 2b; McLaren, 3b; Doyle, ss; Hunter, lf; White, cf; Fisher, rf; Vanzant, Deakney, p.

Washington—Lewis, 3b; Corwin, ss; Adams, rf; Grandie, 1b; Corbin, c; Tally, 2b; Noon, lf; Jones, cf; Linson, Snow, p.

## WESLEY CHAPEL ENTERTAINMENT

An entertainment and social will be held at Wesley Chapel Friday evening at 7:30. A short musical program will be given by the young people of the Chapel.

Ice cream cones served after the program.

The entertainment is given for the benefit of the new lighting system and it is hoped there will be a large attendance.

Everybody invited. Admission 10 cents.

# FOOD ARRESTED FOR THE SALE OF INTOXICANTS

**Police Believe Good Catch Is Made When Harry Cann, Ernest Robinson, Samuel Lawrence and Sam Hillhouse Are Picked Up.**

The police got busy for a few minutes Thursday evening and when action ceased four arrests had been made as a result of sales of liquor which were uncovered from very thin cover.

Those arrested were: Harry Cann, Ernest Robinson and Samuel Lawrence colored, and Samuel Hillhouse white, the latter being up in 70 years of age, and at one time an inmate of the county infirmary.

The arrests apparently grew out of the arrest of Sam Lawrence, colored bootblack, who was picked up with two bottles of "Gold Top" beer in his possession, and, according to the police, admitted acting as agent between the consumer and the man who kept a liberal supply on hands.

Soon after he was arrested and put through the sweat mill, he gave information which resulted in the remaining arrests, it is claimed.

Robinson stoutly denied all knowledge of the affair, while Lawrence claimed that he was simply acting as the go-between in delivering the liquor. Attention will be given their cases in due time.

Cann and Hillhouse entered pleas of guilty to charges of bootlegging placed against them.

## STILL AT LARGE CARELESS NOW

**So Far Sherlock Holmes Has Eluded Capture.**

The Washington Daily Herald Sherlock Holmes contest is one of the most popular ever conducted in Washington, and the usual greeting of citizens on the down town streets this morning was "Good morning, have you seen Sherlock," or else, "You are Sherlock Holmes," as it was announced as advertised that a big hint would be given all those attending last night's performance at the Palace Theater, and they were told the Washington C. H. Sherlock Holmes is really a prominent citizen of this city.

The large crowd which attended the Palace Theater last night were unanimous in their praise of this splendid picture and were advising all friends not to miss it.

At time of going to press Sherlock had not been captured, which leaves only two hours to catch him. He will be very careless now as he positively must be caught before 6 p. m. Full details and particulars of his capture and how it was accomplished together with personal interviews of Sherlock and the citizen who captured him will be printed in the next edition of The Herald.

## BILLY FAIR WINS AT YOUNGSTOWN

At the Youngstown, Ohio, race meeting yesterday the 2:12 pace, purse \$500, was captured by Billy Fair, a member of the Mallow string which is at present copping off a surprisingly large number of events.

In the first heat the Mallow horse finished second in 2:11¾. The second, third and fourth heats he won in 2:08¾, 2:10½ and 2:10.

Homer S, another Fayette county horse, in the same race finished fifth. The owner and driver of Homer S has been particularly anxious to meet Billy Fair in a contest avering his ability to win over him. Later on the two may clash again.

## YOUNG THIEVES ARE UP AGAIN

Harold and Jess Lindsey, two youngsters who have been giving the police a great deal of annoyance by their pilfering and thefts about the city, were taken into custody again Friday morning, charged with entering the Harlow home west of this city, Thursday afternoon, and stealing some \$2 or more from the house.

Arrangements were made to turn the pair over to the probate court.

# LIEUTENANT PAUL IS STILL ON DECK

The following breezy note from First Lieutenant B. E. Paul, Company M, has found its way past the censor:

"Camp Willis, Columbus, O., July 13, 1916  
SHERMAN TOLD NO LIE!

"Kindly excuse me for not writing before, but I have been so busy making a muzzle for Villa. I and General Funston will, no doubt, exhibit him on the lawn at the court house at some early date; don't push; keep in line and get your thin ones ready.

"This is sure some camp; about 14,000 soldiers here. But all are not soldiers, they only think they are, some are good, some are bad; but very few are taken up for a misdemeanor of any kind, and you can't say that about any town that has the same number of people in it.

"Tonight it is raining and that means mud for the morrow. Have you ever been wet clear through, miles from home? Well that is just the way the boys who just went on guard will be for the next twenty-four hours. That is what you get playing soldier for your country at 50 cents per.

"I am going to try and return home as pure and sweet as when I left if I don't succeed, well, you can see how I am placed.

"I suppose I should say something about the rest of the bunch, but I am afraid I will let the cat out of the bag.

"So far the Governor has not been out to call on Company 'M,' most everyone else has and they always bring plenty of chewin' and smokin' and they sure go to it.

"B. E. PAUL, Lieut."

## SOCIAL MARKED BY PLEASING FEATURES

The Epworth League social and entertainment at Grace church moved off smoothly and to the pleasure of all attending Thursday night.

It was held in accordance with the rules of the "Front Line League" issued in preparation for the Ohio Conference Epworth League Institute, to be held in two weeks on the Lancaster camp meeting ground. Each League is credited with points in connection with these socials and a banner will be given to the League most successful in scoring.

The local League was divided into three parts, the entire membership taking part in the interesting features of the evening.

One division put on "Biblical Tableaux," which were wonderfully beautiful and artistically posed. Spot lights operated by Mr. Jesse Hyer added to the effect. "The Virgin" was especially beautiful.

Mrs. Fred West and Miss Edith Gardner assisted in arranging the tableaux.

The Relic in charge of Pauline Pine, showed a fine collection of relics and was most interesting.

The refreshment division provided most delectable refreshments, ice cream, cherry pie, cake, whipped cream and fruit punch.

The young people lent most willing assistance to the promoters of the social. The assistance of Mr. Walter Sprenger was much appreciated.

## CORNERSTONE LAYING

The work of erecting the new brick White Oak Grove Church is being rapidly pushed forward. Next Tuesday, July 18 the community will gather at 12:30, standard time, for the laying of the Cornerstone. They expect to have several ministers present. For 85 years the people have worshiped at this place. They are now consecrating this building, hoping that it may serve the present century.

All are invited. Come and participate in this splendid service.

G. H. HARPER, Pastor.

## SPLENDID RECOMMENDATION

By Prominent Business Man of This City.

July 13, 1916.

Messrs. J. W. Duffee & Co., City.

Gentlemen: About two months ago we discovered a big nest of ants in our lawn and attempted to get rid of them, using gasoline, turpentine, lime, etc., in turn. All of these failed to accomplish the desired result.

Your Mr. Todhunter gave the hill a liberal dose of your "Killo" and in a few days not an ant could be found. It certainly did the business.

Very truly yours,

T. H. CRAIG,

## NOTED HACKNEY TRAINING HERE

"Starlight," one of the greatest Hackney mares in the world, is now in this city, and will be trained at the local race course for entrance in an event at the State Fair, and virtually the entire horse world will keep an eye upon the noted animal.

Starlight is owned by Dr. V. T. Churchman, of Charleston, West Virginia, who owns one of the largest show stables in the United States, and Starlight was formerly in the show stables of J. W. Hariman, owner of Nala, greatest show horse the world has ever known and former owner of Lady Dilham, now owned by Mrs. Edward McLean, Washington, D. C.

Starlight has taken prizes in all the big shows of the country, and she is shipped to Mr. Chas. Allen of this city to be trained for a Hackney trot, a feature of the State Fair.

Several months ago J. Macy Willets, of New York, offered \$400 and an Englishman offered several fine cups for a Hackney that could trot a mile in three minutes or better. As a result of the efforts of D. R. Acklin, member Board of Agriculture, \$50 has been offered for any Hackney successfully competing in the event.

It is expected that under the training the mare will receive at the hands of Mr. Allen she will be able to win the event. Meanwhile,

all horsemen await the result, taking deep interest in the affair.

## LIB MINSHALL TO GET HER FREEDOM

## PLAN MEETING IN MID OCEAN

### Deutschland to Greet Sister Submarine Boat Bremen.

New York, July 14.—There will be a memorable meeting "somewhere in the Atlantic," shortly, if plans now under way materialize.

When the German undersea merchant marine Deutschland has skipped out between the Virginia Capes on her homeward journey and manages to elude the allied warships as successfully as she did when she slipped beyond the three mile limit on her arrival, she will meet not far from the shore her sister ship, the U boat Bremen, and the captains may have an important little chat by means of signals, or, if possible, even by megaphone; in fact, if the waters are clear of the enemy they may even get close enough to shake hands. It is to arrange this meeting that the tug Timmons, which served as the Deutschland's buoy last Sunday, has mysteriously disappeared.

The Bremen is said to be now en route for New York harbor, and is expected here about July 29, so that the Deutschland will probably start on her return voyage three or four days before that date.

The Bremen, according to present plans, will come in by way of Montauk Point, making her way to quarantine by City Island and the East river, and after passing inspection by the port authorities will proceed directly to the North German Lloyd piers in Hoboken.

A third submarine, named Amerika, will follow the Bremen. The latter

will bring mails, dyestuffs and valuable drugs and chemicals. She is much larger than the Deutschland and her cargo will be of inestimable value. The Bremen, it is stated, will take both mail and passengers back to Germany. Her cargo, according to the informant, will be "a cargo of brains," for the U boat is to take back to the Fatherland certain scientific men and technicians.

## CHARGED WITH MURDERS

(By American Press)

Duluth, Minn., July 14.—Strike troubles on the Mesaba Iron range has brought twenty-eight men to jail here to date. Of this number twelve are held on charges of first degree murder and the remainder for assault, trespass and other minor charges. Most of the men under arrest on charges of murder are Industrial Workers of the World and are accused of having incited their fellows to violence and bloodshed.

## PLAIN TALK

(By American Press)

Washington, July 14.—President Wilson served notice on "new-comers" that they must be loyal to the United States whether they are pleased with this country or not. He charged that political activity of any organization of naturalized Americans is "absolutely incompatible with the idea of loyalty." The president addressed the citizenship convention, in session, called here by the bureau of naturalization of the department of labor, to study best methods for teaching foreigners what is necessary to become a citizen of the United States. "We have been disturbed recently by certain symptoms which have shown themselves in our body politic," President Wilson said, referring to some naturalized Americans. "They have gone so far as to draw themselves apart and have been more loyal to their native country than to America."

## GERMANS STRUGGLE AT KOVEL

**Russian Advance Is Halted Temporarily.**

### BOTH ARMIES REINFORCED

Battle of Equal Intensity Raging Further to the South, On the Lower Strips—Germans Assaulting Souville Fortress in Verdun Sector. British Report Gain On the Somme. Operations Elsewhere.

London, July 14.—General Brusiloff's tremendous blows are being continued without apparent lull or hesitation. Temporarily, at least, the Russo-Germans appear to have halted the Russian advance along the Stokhod. Both sides are reported to be hauling large reinforcements of men and guns into this titanic struggle, the prize of which is the immensely important strategic town of Kovel.

Further to the south a battle of almost equal intensity is raging on the lower Strips, where the Russians are striking north in an effort to crush General Von Bothmer and flank the entire Austro-German line.

The Austrians admit that the Russians penetrated Von Bothmer's front at some points, but assert they were driven out again in counter attacks. The Russians claim to have taken 2,000 prisoners, but make no mention of a gain in territory.

The British report says that artillery was active on both sides on the Somme river and the British infantry in sharp fighting kept up its pressure against the Germans and "appreciably advanced our line at various points of the front."

The British statement reports the capture of German howitzers, and adds that "these will be used against the enemy at a suitable opportunity." The French official communique says the day passed quietly except on the front northeast of Verdun, where a lively bombardment was maintained in the sector of Souville fort, the immediate objective of the Germans on the right bank of the Meuse.

A careful study of the German press reveals that the allied offensive in France is regarded with alarm in Germany. Several newspapers admit that the crisis is very grave. Since the beginning of the war neither the German experts nor the German people have had any fear of the result. This is the first instance when the press finds it necessary to explain in detail the first German reverses and to prepare for the possibility of others by reassuring the people that the final victory is Germany's, no matter what may happen.

## HUGHES IN OHIO

(By American Press)

Columbus, July 14.—The committee in charge of the Republican reunion to be held in Columbus on a date to be fixed between Aug. 8 and 21 announced that Charles E. Hughes and Charles W. Fairbanks, Republican candidates for president and vice president, had accepted invitations to be speakers. Governor Willis, Senator Warren G. Harding, John Hays Hammond and several candidates on the state ticket are among those scheduled to speak.

## FOURTH OFFICERS ARE REJECTED

(By American Press)

Columbus, July 14.—Three captains and two lieutenants of the Fourth infantry of Columbus have been tentatively rejected by the federal physical examiners. All, however, have asked for re-examination. Cases still under consideration, though tentatively rejected, are Captain Floyd Simmons of Columbus; Captain Louis S. Houser of Company H, Chillicothe; Captain Abe Newlove of Company E of Marysville, and Second Lieutenant W. D. Moccabee of Company I, Columbus. The average number of rejections among enlisted men in the Fourth thus far has been about 20 per cent. Companies K, L and M and half of I are yet to be examined.

## BRITISH BOATS SUNK

London, July 14.—A British fishing fleet off the northeastern coast has been attacked by a German submarine. The trawlers Florence and Dalhousie, as well as several smaller vessels, were sunk.

## FIRE FROM BRITISH GUNS BATTERS REAR OF GERMAN LINE

"An extraordinary thing happened as I looked across to Chateau Contalmaison," says a British observer of the battle of the Somme. "The earth seemed suddenly to open in the enemy's lines and let forth the smoke of its inner fire. It gushed out in great round, dense masses and rose to a vast height, spreading like the foliage of some gigantic tree. It was not a mine explosion, for a mine flings up a black mass, with jagged edges like a piece of black cardboard cut into

teeth. But this was a regular uprising of curly black clouds of great volume, getting denser and coming continuously. I watched it for twenty minutes or more and could not make out its meaning, but guessed we had blown up an ammunition store. Two great explosions which came quite a few seconds after the first vomit of smoke suggested this." In the picture are seen a gun and the ammunition used in the great British artillery attack on the German lines.

## SIX "MAN EATERS" SEEN IN BAY

**Desperate Efforts Made to Exterminate the Monsters.**

New York, July 14.—The consternation that has been reigning in all of the nearby bathing resorts and along the entire Jersey coast assumed panicky proportions since the killing of two men and an attack on a boy by the man-eaters. Six of the monsters were seen speeding into Raritan bay, while another was found struggling in the meshes of a net.

One of the two sharks that caused the death of two men and nipped away the calf of a boy's leg is believed to have been trapped in Matewan creek, where the tragedies took place. One of a party of shark hunters reported that he saw the shark's fin within 25 feet of the spot where the attacks took place. Two big charges of dynamite were dropped at once and men armed with rifles stood ready along the banks of the creek to shoot the sea monster in case he was blown to the surface.

Beaches famous for their bathing advantages were deserted. The dread of the sharks has caused inestimable damage to the seashore establishments. At many places barriers are erected and the shore is patrolled by armed men.

Fishermen believe that the sharks which have terrorized New York waters of late are not of the ferocious man-eating or tiger variety, which attain a length of 30 feet, but are the common hammerhead and blue nose sharks driven desperate by the scarcity of fish.

## ARMY STYLE

(By American Press)

Cleveland, July 14.—Seven hundred militia from New York state passing through Cleveland over the Nickel Plate railroad left the train when it stopped at the Broadway depot, and proceeded to raid nearby stores and commission houses, taking food and merchandise and destroying what they did not carry away. A riot call was turned in. The soldiers were driven back to the train by a squad of twenty armed men. Some of the soldiers said they had not eaten in thirty-six hours.

## BLEUCHER'S GRANDSON

(By American Press)

Detroit, Mich., July 14.—Theodore Roosevelt has written a letter to W. H. Hill of Detroit in which he says that it was not he that deserted the national Progressive party, but that it was the national Progressive party that deserted him.

## BRINGS HEALTHY COLOR TO CHEEKS

Many women are compelled to lie down at frequent intervals during the day. This, of course, is due to weakness, the forerunner of serious ills to follow.

At first there will be great languor, especially in the morning; faintness, dizziness, weakness or sinking at the pit of the stomach. The digestion becomes impaired and appetite is gone. Then comes palpitation of the heart, shortness of breath on any slight exertion, cold hands and feet, headaches, paleness, dark circles under the eyes, a dragging pain across the hips; the memory becomes poor, the disposition irritable and nervous, the least noise or unusual occurrence upsets the nerves.

Disease quickly destroys the complexion, making it yellow or greenish looking, the cheeks become sunken and spots of a brownish hue appear on the skin.

All these symptoms are caused by poor circulation and an exhausting or wasting away of the nerve force. The blood becomes thin and watery and the nerves lack strength.

It has been admitted that ills peculiar to women, in most cases start

in the stomach; that when digestion is good, the blood is good, the nerves and organs are properly nourished and strength is the result.

In hundreds of thousands of cases, Tanlac has been the means of relieving the ills of women, because it gives strength and tone to the system. Tanlac is a tonic, prepared from roots, barks and flowers gathered in many parts of the world. Testimonials from women who have used it say "It has made me a new woman," "I feel healthy again," "I enjoy my housework" and other like expressions.

Tanlac may be obtained in Washington C. H. at Blackmer & Tanquary's.

Tanlac may be obtained in the following nearby towns, Sabina, J. J. Spurgeon; Wilmington, Harry Christopher; Jeffersonville, J. B. Davis; Jamestown, W. F. Harper; Greenfield, Harry Christopher; Bainbridge, A. W. Fetter; Anderson, C. A. Graves; Chillicothe, Mushler Pharmacy; Leesburg, Chas. W. Feller; New Vienna, W. C. Higley; Austin, William M. Near; Bowersville, C. E. Gardner; Bloomingburg, J. Y. Stitt; Clarksburg, Clarksburg Drug Store. Advt.

## FAKE WHEAT VARIETIES

Fake varieties of wheat are frequently sold at extravagant prices to Ohio farmers often with the claim that only about one peck is needed to seed an acre. Tests at the Ohio Experiment Station show such claims to be fraudulent.

In Bulletin 298 of the Station yields reported show that a variety widely advertised as "Miracle" proved inferior in 1911 to such old standard varieties as Gypsy, Fultz and Poole. In 1913 a similar wheat called "Marvelous" yielded five bushels less to the acre than Mediterranean when seeded at the rate of eight pecks per acre. Seeded at this rate in 1915 the same variety yielded less than Poole and Fultz.

All tests show these fake varieties need the usual rate of seeding. When one peck of seed was sown to an acre in 1913, the yield was only 7.4 bushels but eight pecks produced 30.9 bushels.

## MAY REJECT MANY MEN OF COMPANY M

So rigid is the regular army examination given the Guardsmen being mustered into federal service, that fully 20 per cent of the men are being rejected in some of the regiments, and the average has been maintained in the Fourth, so far as examinations have progressed.

It is expected that 20 to 30 members of Company M will not pass the examination, and the belief is expressed that one or two of the main officers may fail in the physical test.

Company M will be examined this week, along with Companies K, L and I. Other companies of the Fourth have lost heavily in the examinations, and three captains have been included in the list of those rejected.

## HARDING GIVES OUT PROGRAM

New York, July 14.—On Monday, July 31, at 8 p. m., the official notification ceremony of the nomination of Charles E. Hughes will be held at Carnegie hall here.

Announcement to this effect was made by Senator Harding, chairman of the committee on notification, after a conference with Mr. Hughes and Chairman Wilcox of the national committee. Mr. Hughes' suggestions as to the time and place for the ceremony were adopted, but the hour was changed from 3 o'clock—originally favored by the nominee—to 8 o'clock. "There will be invited to be present," said Senator Harding, "members of the Republican national committee, delegates and alternates to the national convention at Chicago, Republican governors and Republicans in the house and senate, the heads of the Republican organizations in the various states, members of the Progressive national committee, officials of the Progressive national convention and prominent representatives of the Progressive party. The notification ceremony will be followed by a reception at the Hotel Astor given by Mr. Hughes to the invited guests."

Senator Harding said that both Colonel Roosevelt and Mr. Taft would be invited to the ceremony and reception.

Carnegie hall has a seating capacity of approximately 3,200. If there is any room left after reservations have been made for invited guests it will be thrown open to the general public.

Charles B. Warren of Detroit and Chairman Wilcox had a long conversation over the transcontinental trip which Mr. Hughes expects to start early in August. The plan provides for one speech in Ohio, another in Illinois and a third in Michigan on the trip west, the two weeks' stay in the Rockies on which Mr. Hughes is counting, and a return east from California by the southern route.

## \$5,811,000 FOR OHIO HIGHWAYS IN FIVE YEARS

What the signing of the Shackleford-Bankhead Good Roads Bill by President Woodrow Wilson means to Ohio is told in a bulletin which is now being issued by the Ohio Good Roads Federation. The state will receive \$193,000 in 1917 to aid in road construction; \$387,400 in 1918 which will be the second year; \$581,100 the third, 1919; \$774,800 the fourth year, 1920; and \$968,500 the fifth year, 1921, making a total of \$2,905,500 to be appropriated by the Federal Government for road building in Ohio. As each state must meet the Federal appropriations dollar for dollar, it can readily be seen that the law means that there shall be expended in Ohio \$5,811,000 in road improvements under federal supervision during the next five years. This is in addition to present expenditures by the state and counties.

The Federation says that in order to comply with the requirements of the national government new laws must be enacted providing the means and methods of co-operation between the administrative authorities of the state and nation, agreeing to the maintenance for at least ten years of all roads improved with the aid of Federal government money, and making the proper and necessary appropriations to meet the requirements of the new law and the Federal officials who administer it.

The part which the Ohio people played is indicated by a letter from Congressman Shackleford to Secretary W. A. Alsford of the Ohio Federation. He says: "I want to thank you very much for the assistance you have given me in getting this bill through. It is not just what any of us wanted but I believe it is the foundation for future legislation that will make this country great."—Ohio Good Roads Federation.

## LOOKS GOOD

Washington, July 14.—President Wilson is understood to have selected John H. Clarke, United States district judge at Cleveland, for the seat on the supreme bench formerly occupied by Charles Evans Hughes, the Republican presidential candidate. The president's final choice lay between Judge Clarke and Judge Victor Dowling of New York. The president considered Judge Dowling so favorably that some officials are not quite convinced that he has been entirely eliminated. The admission by White House officials that Judge Clarke was being carefully considered was accepted here, however, as practically amounting to a disclosure of his selection. The president is said to have been especially impressed by the manner in which Judge Clarke has acquitted himself of his judicial duties upon the district bench.

OFFERS TO CARE FOR  
SOLDIERS ON BORDER

Mrs. Seth Barton French.

Mrs. Seth Barton French, prominent in New York society, who has just returned to her home after completing part of a 7,000 mile tour on which she started in behalf of the allied hospital work and Serbian relief fund, has applied to Secretary of War Baker for permission to go to the Mexican border for the organization of hospitals there. Mrs. French was among the first women who offered their services as nurses in the European war. She took up relief work in Serbia, to which country her father, Walker French, was at one time United States minister.

## NEAR THE END OF ORPET TRIAL

By Associated Press Dispatch.

Waukegan, Ill., July 14.—There was said to be every prospect today that the case of Will H. Orpet, on trial for the murder of Marian Lambert, would be in the hands of the jury tonight, a day earlier than had been expected.

James H. Wilkerson, chief of Orpet's counsel, made the final argument for his client, asserting that the element of reasonable doubt

loomed large in every circumstance of the case except where they had been absolutely removed by the defense.

It is possible the case will be assigned by the jury by 7 o'clock tonight.

Mr. W. W. Wilson completed threshing Friday afternoon the crop of wheat harvested on his home place on the Greenfield pike, south of this city. The wheat made a little over 21 bushels to the acre. The field contained about 24 acres. The banner yield of the season so far reported.

## REMEDIES FOR CHIGGERS

If a bath is taken in hot water or with strong soap soon after exposure in shrubbery and weeds infested with chiggers, or harvest mites, usually no ill effects will be noticed from attacks of these pests. After long exposure, however, a bath has no effect, and a cooling substance should be applied to inflamed parts.

After irritation has set in, liberal applications of strong solutions of ammonia, common baking soda or saleratus are recommended by R. D. Whitmarsh, assistant entomologist at the Ohio Experiment Station. A dilute solution of iodine or collodion has also been found effective in many cases.

Persons visiting areas infested with chiggers may prevent attack by dusting flowers of sulphur or naphthalene in their clothes, especially below the knees.

## ZEPPELIN HEADS FOR AMERICA

Baltimore, July 14.—A giant Zeppelin will shortly cross the Atlantic and visit the United States. Addressing a party of city officials who inspected the submersible Deutschland, lying at the slip on Locust Point, Captain Koenig said: "To you the trip of the Deutschland is a wonderful thing, but Germany will shortly give the world a bigger surprise. There are being built in Germany now great Zeppelins and within a short time, a few months at most, they will sail through the air to the United States."

Russians Are Stop-  
ped at the Stokod  
River, Where Des-  
perate Fighting Is  
Now Taking Place.

(Associated Press Cable)

LONDON, JULY 14. — AT DAY-  
LIGHT THIS MORNING THE BRIT-  
ISH RESUMED THE OFFENSIVE  
NORTH OF THE SOMME ATTACK-  
ING THE GERMAN SECOND LINE  
DEFENSES, AND, ACCORDING TO  
REPORTS, GENERAL HAIG,  
SUCCEEDED IN PENETRATING  
THEM ON A FRONT OF FOUR  
MILES.

Press dispatches from the front  
add that the villages of Bazentin-  
Le-Grand and Longueval, north of  
Montauban, and the remaining por-  
tion of Trones Wood were taken by  
the British.

The direction of the attack was  
something of a surprise; for instead  
of pushing on toward Comblès, Gen-  
eral Haig chose to attack the flank  
of the Germans who faced Contal-  
maison and Ovillers.

The advance to Longueval and  
Bazentin-Le-Grand gives the Brit-  
ish possession of important roads  
running in various directions which  
have been a great help to the Ger-  
mans in supplying their army di-  
rectly south of Ancre village.

There was no news this morning  
of important developments on the  
western front, but at the last ac-  
count the French were preparing to  
resume their offensive south of the  
Somme, while the Germans were  
hammering at the defenses of  
Arras.

The French estimate that the Ger-  
mans have lost 12,000 men in  
their attacks on Contalmaison.

The Russians have made no no-  
table advance on their part of the  
front since they gained the Stokhod  
river, where the struggle continues  
fiercely.

The right bank apparently has  
been cleared of Germans, but  
it is not known whether the cross-  
ing made by the Russians has given  
them a firm footing on the left bank.  
General Bothmer, having received  
reinforcements has succeeded in  
driving the Russians in Galicia; but  
Delatyn in the hands of the  
Germans, they possess an advan-  
tage from which further successes  
are expected.

FOUR INJURED  
PENNSYLVANIA  
TRAIN IS FIRED ON

The Broadway Lim-  
ited Last Night  
Near Bucyrus Is  
Mysteriously At-  
tacked.

By Associated Press Dispatch.

Pittsburg, July 14.—It became  
known here today, from official re-  
ports received by the Pennsylvania  
Company, that four passengers on  
the Chicago-New York train No. 23,  
known as the Broadway Limited,  
had been wounded by shots fired at  
the train near Bucyrus, Ohio, last  
night.

The wounded are: R. J. Ward,  
Pittsburg; H. P. Gillette, Philadel-

phia; Keifer Newman, New Orleans  
and Bertha Gosweiler, New Orleans.

The passengers were sitting on  
the observation platform of the last  
car, when a man fired a shotgun as  
the train passed.

Two shots were fired, and the  
scattering missiles struck the injured  
passengers in the legs.

A physician boarded the train at  
Lima, Ohio, and after dressing the  
wounds said none of the injured  
were in danger.

No report was made of the inci-  
dent at Bucyrus today. The train  
was eastbound and the report was  
made directly to headquarters.

EXPECT ORDERS  
AT ANY MINUTE

Camp Willis on the  
Qui Vive of Ex-  
pectancy.

By Associated Press Dispatch.

Camp Willis, Columbus, July 14.  
—Indications here today were that  
the Eighth and First Regiments of  
the Ohio National Guard and the  
Ohio squadron of cavalry will re-  
ceive orders within 24 hours to en-  
train for the Mexican border.

Major Robert Mearns, chief fed-  
eral mustering officer, today noti-  
fied Central Army Headquarters at  
Chicago, that these units of the  
Guard were equipped with arms  
and accoutrements and that they  
will have clothing by nightfall.

Guard officers asserted Major  
Mearns' notification resulted from  
hurry up orders received by him  
last night.

Although the report did not state  
that the three Ohio units were rea-  
sonably ready for service, officers  
gave that meaning to the message  
and declared they believed moving  
orders will be received late today  
or tomorrow.

Rumors are rife that the Michi-  
gan militia will be brought to Camp  
Willis concentration site.

Adjutant General Hough has re-  
turned from a trip to Michigan, but  
declared his business was of another  
nature.

Officers say that the plan under  
way is to unite two companies of  
engineers from Michigan with four  
companies of engineers from Cleve-  
land, thereby making a complete  
regiment.

Members of the Ohio Guard on  
border duty will probably have the  
opportunity to vote.

Ohio has no absent voters' law,  
and it is reported Governor Willis  
has decided not to call a special  
session to take up a proposed en-  
actment to enable the men to vote.

TEXAS GUARDS  
FIRST TO FIRE

By Associated Press Dispatch.

San Antonio, Texas, July 14.—  
To Company C, Second Texas Infan-  
try, came the distinction today of  
being the first of the National  
Guard to exchange shots with the  
Mexicans, when they prevented a  
raiding party from crossing the Rio  
Grande near Donna, Texas.

Armed Mexicans, attempting to  
enter American territory at three  
o'clock in the morning, were de-  
tected by outposts.

They were ordered to halt but  
continued advancing. The Texans  
opened fire. The fire was returned,  
but discontinued after a minute, the  
Mexicans hurrying back to their  
own country.

None of the Americans were in-  
jured and it is believed none of the  
Mexicans were hit.

By Associated Press Dispatch.

Washington, July 14. — Wireless  
orders were sent to the coast guard  
cutter Seminole, off the North Caro-  
lina coast, today to go to the rescue  
of the naval collier Hector, reported  
in distress 40 miles southeast of  
Charleston, South Carolina.

The steamer is reported sinking  
She is carrying 50 marines bound  
for Santo Domingo.

The tug Vigilant is said to be  
standing by, but whether the trans-  
fer of the crew and marines can be  
accomplished is unknown.

By Associated Press Dispatch.

Atlanta, Ga., July 14.—The hur-  
ricane which swept the South Caro-  
lina and Georgia coast last night  
cost two lives, caused extensive  
damage and tied up shipping.

Last reports said that the gale,  
which raged at 64 miles an hour, is  
increasing and the barometer is fall-  
ing.

Waves broke over the seawall at  
Charleston during the night and  
dashed against buildings along the  
water front, while a large number  
of barges and small vessels were  
torn from their moorings.

Tybee Island, a summer resort  
below Savannah, was partially inun-  
dated, and many persons left the  
island.

At Charleston, a Government boat  
carried 450 persons from Sullivan's  
Island.

ALL "O. K."  
ON SUB BOAT

By Associated Press Dispatch.

Washington, July 14.—An advis-  
ory report on the status of the Ger-  
man merchant submarine Deutsch-  
land, submitted to acting Secretary  
Polk today by the Government Neu-  
trality Board, is understood to hold  
that the vessel is a peaceful mer-  
chant craft, entitled to all privi-  
leges as such.

Indications now are that the  
State Department will make no for-  
mal announcement concerning the  
submarine, but that the Treasury  
Department will be advised to per-  
mit her to clear and sail from Balti-  
more whenever her captain desires  
to start on the return trip.

It is learned that a big hydro-

the Eastern Forwarding Company,  
where the Deutschland is docked,  
and it is intimated by persons in  
close touch with the situation that  
the flying boat will be sent out on

SHARK VICTIM  
BODY FOUND

By Associated Press Dispatch.

New York, July 14.—At low tide  
today the body of Lester Stillwell  
was found in Matawan Creek about  
400 feet from the port where he  
disappeared after being attacked by  
a shark.

The body had been bitten in two  
at the waist line. Patrols are  
shark hunting on the Atlantic  
coast.

It is reported that large schools  
of the fish have been seen not far  
from shore. Bathing has been prac-  
tically suspended.

The experts from the Government  
Department of Fisheries have been  
instructed to investigate the situa-  
tion. They report that the sharks  
appear to be of the blue nosed vari-  
ety.

These sharks are ordinarily not  
man eating when found in the cooler  
waters, but fishermen say that  
scarcity of food has driven the  
sharks to seek human flesh.

The fishermen at Matawan Creek  
have laid steel nets across the  
stream, and they believe five or six  
sharks are trapped in the creek.

Atlantic Coast Near  
Charleston Swept  
By Storm.

By Associated Press Dispatch.

Summerville, S. C., July 14.—Two  
men are reported killed and exten-  
sive damage done in Charleston by  
the storm which swept up the At-  
lantic coast last night, and contin-  
ued today.

Meagre dispatches from Charle-  
ston, 22 miles away, said at 10:15  
o'clock this morning the wind was  
still high and the waterfront was  
inundated.

First reports indicated the two  
men were killed when wind blew in  
the front of a store.

There is no streetcar service and  
trees and poles litter the streets.

J. H. CLARK  
IS NAMED

By Associated Press Dispatch.

WASHINGTON, JULY 14.—J. H.  
CLARKE, U. S. DISTRICT JUDGE  
AT CLEVELAND, OHIO, WAS  
NOMINATED TODAY BY PRESI-  
DENT WILSON AS ASSOCIATE  
JUSTICE OF THE SUPREME  
COURT TO SUCCEED FORMER  
JUSTICE HUGHES, THE REPUB-  
LICAN NOMINEE FOR PRESI-  
DENT.

John H. Clarke, who has been se-  
lected by President Wilson to suc-  
ceed Charles E. Hughes as Associ-  
ate Justice of the United States Su-  
preme Court, is 59 years old and  
a bachelor.

The only office he has ever held  
is the United States District Judge-  
ship in the Cleveland District, to  
which he was appointed two years  
ago this month by President Wil-  
son.

However, Judge Clarke has long  
been a leader in the Democratic  
party in Cleveland and the state.

He was several times a candidate  
for the United States Senate, being  
a candidate against the late M. A.  
Hanna at one time.

His candidacy two years ago was  
nipped by his appointment to the  
bench.

Judge Clarke was born at Lisbon,  
Ohio, September 16, 1857. His fa-  
ther was a prominent lawyer and  
Democrat.

Clarke attended the Western Re-  
serve University at Cleveland and  
was graduated in 1887.

He was admitted to the Ohio bar  
the following year and two years  
later removed to Youngstown,  
where he practiced law until his  
removal to Cleveland 19 years ago.

Judge Clarke is financially inter-  
ested in the Youngstown Vindicator  
and has always manifested a deep  
interest in newspaper work and  
public affairs.

Cork, Ireland, July 14.—Chagrined  
by the no arrival of prisoners  
who were released after undergo-  
ing imprisonment since the Dublin  
rebellion, and who were expected  
here today, a thousand Sinn Fein-  
ers wrecked the recruiting office,  
hissed the military pickets and  
sang republican songs in defiance of  
the British troops.

AN INCREASE  
IN EPIDEMIC

New York, July 14.—A marked  
increase in both the number of new  
cases and deaths in the infantile  
paralysis epidemic during the past  
24 hours was shown today by the  
record of 162 new cases while 31  
children died of the disease in the  
five boroughs of New York.

## DOG IS HERE AND COWBOYS LOSE \$3,500

Foot weary and Worn Out, Canine Accompanying Two Cowboys Who Passed Through Here, Takes Fancy to City and Remains.

Evidently believing that he had reached the most heavenly spot he had encountered on his long and weary journey from Montana, the dog which accompanied Montana Jake and Texas Frank, cowboys who passed through here the first of the week on an 8500 mile journey, has stopped here to make this his future home, or at least until his friends are notified of his whereabouts and arrange to have him shipped.

By stopping over in this city and abandoning his pals the dog caused the cowboys to lose a \$3500 wager, the terms of which provided that the dog must make the entire journey with the cowboys.

The animal stopped at the home of W. H. Householder, 630 South Main street, and since that time has appeared highly contented with his new home and the cordial treatment received.

The dog stopped at the Householder residence a short time after the cowboys had passed. The animal's feet were travel-worn and sore, and the marks of the shoes which had been placed upon its feet to protect them, were plainly visible.

In stopping at the Householder residence the dog first rested several hours on the veranda, and later was given quarters in a coal shed. Now the dog comes and goes without being molested, and apparently is very happy in finding such a haven of rest after his two or three thousand mile journey.

So far as known the cowboys have not sought to locate the dog, and it may stay in this city the remainder of its days.

## EARLY RETURNS FROM THRESHING

Although most of the wheat in the county is now cut, threshing is only beginning and much of the wheat has not dried out sufficiently for good quality.

As has been expected the wheat yields where threshed are short and the fact that one machine does the usual work of several speaks for itself.

The farmer who has 14 bushels per acre has a good yield this year. It is as yet too early to accurately forecast the average, but it is low.

The continued rise in price at the harvest is the most unusual feature of the threshing season.

Next week will see the threshing well under way.

## CONCRETE BASE WELL UNDER WAY

Work on Paint street is moving forward fairly well at the present time, and the concrete base has been finished from the new station building to a point east of Main street, and from Lewis street to about one square east of the Central school grounds. The remainder of the base work will be completed sometime the coming week.

It is expected that next week will witness the laying of a great many brick on the street—a thing which will be very pleasing to the residents of the street who are growing restless under what appears to have been a great deal of delay.

## STAMP VENDER IS INSTALLED IN LOBBY

A mechanical vender of one and two cent postage stamps has been installed at Rodecker's News Stand, in the postoffice lobby, so that those desiring stamps after office hours may obtain them by dropping a nickel in the slot. Four one-cent stamps or two two-cent stamps are released for each five-cent piece dropped into the vender. If a cent piece is dropped in it returns to the owner. Slugs are detected and rejected.

## OHIO NEWS

(By American Press)

### Girl Crushed to Death.

Columbus, July 14.—Elizabeth House, five-year-old daughter of Harry A. House, state deputy fire marshal, was run over and killed by an auto truck near her home.

### Result of Sunstroke.

Toledo, July 14.—John Hack, thirty-six, a lineman, died as a result of sunstroke. The temperature when he was stricken was 91. Oscar Eggleston, seventy, was overcome. His condition is serious.

### Award Accepted.

Cleveland, July 14.—Probate Judge Hadden authorized William Haddad, administrator of the estate of Mrs. Jennie Haddad, Amherst wreck victim, to accept \$5,000 as a settlement of a damage claim against the New York Central railroad.

### Dies at Sweetheart's Home.

Columbus, July 14.—The body of Louis G. Green, thirty-three, was found on the rear doorstep of the home of Mrs. Jonathan Williams, a widow, with whom he is said to have been in love. He had committed suicide by drinking carbolic acid.

### Auto Ditched; Two Killed.

Delaware, O., July 14.—Grover Skinner, twenty-five, and Fred Simpson, forty-five, both of Sunbury, this county, were killed in an automobile accident seven miles east of this city. Glenn Perfect, twenty-five, also of Sunbury, driver of the auto, was seriously injured. The machine turned over in a ditch at a sharp curve in the road.

### Fire Loss of the Year.

Columbus, July 14.—According to reports received by State Fire Marshal Bert B. Buckley from practically all portions of the state, the fire loss from July 1, 1915, to July 1, 1916, was \$7,000,000, an increased fire loss of approximately \$1,500,000 over the calendar year Jan. 1, 1915, to Jan. 1, 1916. The increase was due to the large losses sustained the first six months of this year.

### Willis On Saloon Contributions.

Columbus, July 14.—Governor Willis has written a letter to the state liquor license commission in which he expresses the desire that "licensed dealers throughout the state shall be given to understand that the retention of their licenses does not depend upon political pull, or upon campaign contributions, but instead depends upon their strict observance of the law." In the past it has been the custom of political parties to solicit funds from saloonkeepers for campaign purposes.

### Probascio Too Late.

Columbus, July 14.—A letter was received at the office of the secretary of state from Harry R. Probascio of Cincinnati, requesting that his name be withdrawn from the list of candidates for the Republican nomination for United States senator. Secretary Hildebrand replied that it would be impossible to comply with the request for the reason that the form of the state ballot had long since been certified to the county election boards and many of them, the office was informed, had ordered their ballots printed in accordance.

## PASSING OF ROAD CAUSES DEEP REGRET

The work of tearing up the old Lancaster and Hamden railroad was begun Tuesday and the rails will be converted into junk as speedily as possible over the stretch of road extending from Wyandotte to South Bloomingville. Some time ago a Columbus junk company bought the railroad for \$44,000.

Monday a New York Central loco-

motive leased by the junk company was sent down on the Hocking Valley. It was transferred to the Pennsylvania supplied with sufficient coal and after a trip to Wyandotte backed down the old Lancaster and Hamden or Columbus and Southern as it is sometimes called.

At the southern end of the road the tracks will be torn up and loaded on to freight cars that were taken down there for that purpose.

With the tearing up of the rails passes the hopes of residents of the Saltcreek valley that the road would

be kept intact and in the near future equipped and open to travel. The passing of the old road is a distinct loss to farmers of that section of this county as well as to Lancaster and Hocking county.—Circleville Union Herald.

## The Chautauqua

On the 20th—only a few days ahead of us now—the Chautauqua opens. This year the sessions will be held on the Central school ground, in all respects an ideal location, centrally located, well arbored with trees and in case of sudden showers the handsome auditorium is available for speaking and entertainment.

The Chautauqua deserves the liberal patronage of Washington people and will doubtless receive it, because, primarily the Chautauqua program is an excellent one, instructive and uplifting, along wholesome lines, character building for individuals and for the community.

The Chautauqua has come to stay and each season the course is extended and improved. The bureaus number on their lists our brainiest men, our most talented speakers and our greatest thinkers—men who are devoting their wonderful talents to the work of improving conditions for man collectively and severally.

There is another reason why this year's Chautauqua should be liberally patronized and that's because the guarantor's organization is, in no sense one for profit. It has for its object the securing of a community moral building entertainment.

Any surplus over the guaranteed fund the committee proposes to spend in play ground equipment to be placed on the Central school grounds for the children of the city.

Washington needs play grounds and equipment. The proposal of the guarantors would make the valuable school ground property available in vacation as well as during the school term for the children's use.

That very proposal is in itself an evidence of the advance that has been made along the line of right and practical thinking.

Every Washington citizen anxious to hear a wonderfully good entertainment program as well as to do something practical for the coming generation should take up his season ticket in advance of the opening of the grounds.

It is worth while from every angle of view.

## The Menace of Russia

The Central Powers are far more concerned, according to observers and critics, over the tremendous advance of the Russian armies in the east than they are over the French and British offensive in the west.

Even the casual observer can understand the reason for the existence of that anxiety.

In the west the Germans are well fortified and well supplied with provisions and munitions—they had every reason to believe that Russia was hopelessly beaten in the German offensive last year and that for a year at least Germany had shaken the great bear off her back, leaving the Kaiser's army free to guard the west front.

The marvelous recuperative power of the Russians has amazed and stunned the German strategists. Instead of being free of the Russian menace the sudden appearance on the eastern front of a larger and more powerful army with an inexhaustible supply of ammunition is fraught with grave danger to the cause of the Central Powers.

Then too, the Russian hosts are not as agreeable as invaders as the foes on the western front.

The prospect of eastern Germany being overrun with the hosts of the Czar is an appalling prospect for the orderly, cleanly German people to face.

## Betty Green's Death

No other woman ever demonstrated such ability and power in the financial districts of New York as did the late Betty Green and the success with which she managed her securities was the admiration of successful money kings.

It was only lack of inclination which prevented her from influencing the money market to a larger extent than she did, a fact which has been proved to more than one Wall Street veteran.

Mrs. Green's business ability is known throughout the world, but it is not always remembered that while she inherited a fortune, the colossal fortune which she left—estimated at between \$100,000,000 and \$200,000,000—was accumulated through her own business acumen and excellent judgment.

It would have seemed almost past belief a few years ago that this vast estate should have been so wonderfully managed and so greatly increased by the keen foresight and shrewd business methods of a woman. But the day for such surprise is over and instead of giving more than a passing thought to the masterly methods of this famous woman, Gotham is now interested in the son who succeeds to the fortune and speculation is now rife as to whether he will continue to follow the example and instructions of his remarkable mother.

The general verdict is that he will and that there will be little disturbing of securities by departing into paths deemed unwise by one of the most capable women who has ever been connected with the big financial circles.

## Poetry For Today

### UNBELIEF.

There is no unbelief,  
Whoever plants a seed beneath the sod  
And waits to see it push away the clod,  
He trusts in God.

Whoever says when clouds are in the sky,  
"Be patient, heart; light breaketh by and by,"  
Trust the Most High.

Whoever sees 'neath Winter's field of snow  
The silent harvest of the future grow,  
God's power must know.

Whoever lies down on his couch to sleep,  
Content to lock each sense in slumber deep,  
Knows God will keep.

The heart that looks on when eyelids close,  
And dares to live when life has woes  
God's comfort knows.

There is no unbelief;  
And day by day, unconsciously,  
The heart lives by that faith the lips deny,  
God knoweth why.  
—Edward Robert Bulwer Lytton.

### MEMORIAL TO IRISH POETS.

Remarkable Scene in New York For Victims of Dublin Revolt.

New York.—A remarkable scene took place on the knoll of the meadow in Central park recently. Three Irish poets, Patrick H. Pearse, Thomas MacDonough and Joseph Plunkett, who were executed in the recent Dublin revolution, were memorialized in poetry and purpose by leading American poets.

The dean of American poetry, Edwin Markham, presided. Mr. Wilton Lackaye, a native of Dublin, recited the last poems of Pearse. Miss Eleanor Rogers Cox delivered a poem written by her for the occasion, entitled "A Song For Ireland's Martyred Poets."

A sympathetic letter was read from William Dean Howells, the famous author, and poems appropriate to the occasion were read by the poets Joyce Kilmer, William Hamilton Hayne, Edwin Markham, Margaret Widener, Harold Johnson, Theresa Brayton, Daniel Burnott, George Sterling, Seamus O'Sheel, Anna Hempstead, Corinne Roosevelt Robinson and Peter Golden. Resolutions were adopted to be sent to the families of the dead poets declaring respect and sympathy for the cause for which they died.

# THE EPIDEMIC

(By American Press)

New York, July 14.—Again the toll from infantile paralysis was one death to every hour during the past twenty-four hours, an increase of seven over the day before. Eighteen of the new deaths occurred in Brooklyn, three in Queens and one in Richmond. Altogether there have been 311 deaths from the plague so far. The number of new cases reported during the last twenty-four hours is 117, 45 less than on the previous days. The total number of victims in hospitals is now 682. The health department is somewhat encouraged by the fact that no new sections of the city have been affected by the epidemic. There are now enough nurses and doctors to cope with the situation.

## POLITICAL ANNOUNCEMENTS

### FOR CONGRESS.

Washington, D. C.

My dear Editor:—  
I desire, through your columns, to express to the Republicans of the Seventh District my appreciation of the honor of representing the people of my district in Congress.

I regard this one of the greatest fields for services open to any man who wishes to make the best use of his talents. To one with the habits of study Congress has no idle moment. There is no place where one's time is so taken up.

The present indications point to an extended session which will prevent my making a personal campaign. I have striven to be a useful legislator, naturally would like to have my course in public life approved. I must leave it with those who believe in me for approval at the polls August 8th. It will be my duty, as I see it, to remain here until all important legislation is disposed of. I therefore take this way of reaching the Republican voters to ask them for their support, if my course is consistent with what they have a right to expect of their Representative in Congress.

Very truly,  
S. D. FESS.

I am a candidate for the Republican nomination for County Commissioner, second term, subject to the decision of primary election August 8th. Your support will be appreciated.

# TRAINS CRASH IN BAD WRECK

East Bound Passenger Train on C. H. & D. Runs Through Open Switch on House Track and Crashes Into Switch Engine—Passengers Not Seriously Hurt.

The east bound C. H. & D. passenger train was wrecked in this city about 9:48 Friday morning when it ran through an open switch 100 yards west of the union freight station and crashed head on into the yard engine which had backed into the house siding a few moments before. Both engines were badly damaged and several passengers were more or less painfully injured.

The passenger engine was in charge of Engineer Frank Shobe of Dayton, formerly of this county, who was running at 30 to 35 miles per hour in order to make up some four minutes lost time.

The switch to the house track had been left open by the yard engine crew, it is claimed, and the passenger train rounded the curve and passing through the switch on to the siding, ran some 275 feet and struck the switch engine.

The pilot of the switch engine was smashed, but the engine was not disabled, and pulled the passenger train to Fairview, where another engine was attached.

The passenger engine was so badly damaged that it could not be moved. The pony trucks left the rails, the pilot was crushed and supporting rods snapped, while other damage resulted.

When the train struck the switch engine it hurled the passengers out of their seats and many sustained painful injuries.

Those taken to the Fayette Hospital in the Kiever ambulance were: Mrs. Andy Loudner, this city, face cut; Alice Winburn, Chillicothe, laceration across face; Mike Butler, Dayton, side of face bruised and other slight injuries; R. Merritt, Athens, severe sprains.

All were given proper attention and again boarded the train, which was delayed about 25 minutes.

# SECOND WRECK SHOBE KILLED

About two o'clock this afternoon the ill fated C. H. & D. train which ran through an open switch, colliding with the yard engine, struck bad rail and overturned near Barr's Station, west of Coalton. Details of the latter wreck have not yet been obtained at the local office.

Word was received here from the fireman on the ill fated train that he had escaped, but that Shobe was still imprisoned under the engine and that the scalding steam was escaping in such quantities that all attempts to rescue the imprisoned engineer were frustrated.

Later in the afternoon the worst fears were realized when authentic news was flashed here that Engineer Frank Shobe was dead, his body imprisoned under the engine.

Both the fireman and Shobe jump-

ed as the engine toppled over but Shobe was caught underneath the massive machine.

Scalding steam literally cooked his body; even his watch was melted.

Engineer Frank Shobe is a Fayette County man and has a host of friends here, who are shocked over the terrible news. His sister and brother still live here near Fairview this county.

## "POP" GEERS IS DEAD

Cleveland, O., July 14.—Edwin F. (Pop) Geers, one of the best known horse drivers in the country, died last night of a fractured skull, received while driving in a practice brush at North Randall track. He struck a barrow, was thrown from the sulky and fell under the feet of another horse. "Pop" Geers, who was seventy years old, was to have taken part in the meeting at the local track.

## CALL OLD AGE CONFERENCE

By Associated Press Dispatch. Cincinnati, O., July 14.—The Ohio Old Age Pension league headed by the Rev. Herbert S. Bigelow, who was president of Ohio's last constitutional convention, has issued a call for a state-wide old age pension conference to be held in Columbus at 10 a. m., August sixth. This conference will be made up of delegates from labor and civic organizations, and is expected to finally decide upon the form of an old age pension bill to be presented to the legislature next winter. A campaign for the bill's adoption also will be organized.

## ATHLETICS PLAY HILLSBORO SUNDAY

The Athletics and the fast Hillsboro club will get together at Athletic Park Sunday afternoon in the first game of the recently contracted Hillsboro, Wilmington, Blanches, Washington series.

The Athletics are going into this series with determination and will present a formidable lineup. An addition is Corbin, old Chillicothe leaguer now of Dayton, in the catcher's box—a strong backstop and a regular giant with the stick. Linson, who has been showing extra good form lately, will toss for the locals Sunday.

The lineups follow: Hillsboro—Johnson, c; Rogers, 1b; Moorhead, 2b; McLaren, 3b; Doyle, ss; Hunter, lf; White, cf; Fisher, rf; Vanzant, Deakney, p.

Washington—Lewis, 3b; Corwin, ss; Adams, rf; Grandle, 1b; Corbin, c; Tally, 2b; Noon, lf; Jones, cf; Linson, Snow, p.

## WESLEY CHAPEL ENTERTAINMENT

An entertainment and social will be held at Wesley Chapel Friday evening at 7:30. A short musical program will be given by the young people of the Chapel.

The entertainment is given for the benefit of the new lighting system and it is hoped there will be a large attendance.

Everybody invited. Admission 10 cents.

## FOUR ARRESTED FOR THE SALE OF INTOXICANTS

Police Believe Good Catch Is Made When Harry Cann, Ernest Robinson, Samuel Lawrence and Sam Hillhouse Are Picked Up.

The police got busy for a few minutes Thursday evening and when action ceased four arrests had been made as a result of sales of liquor which were uncovered from very thin cover.

Those arrested were: Harry Cann, Ernest Robinson and Samuel Lawrence colored, and Samuel Hillhouse white, the latter being up in 70 years of age, and at one time an inmate of the county infirmary.

The arrests apparently grew out of the arrest of Sam Lawrence, colored bootblack, who was picked up with two bottles of "Gold Top" beer in his possession, and, according to the police, admitted acting as agent between the consumer and the man who kept a liberal supply on hands. Soon after he was arrested and put through the sweat mill, he gave information which resulted in the remaining arrests, it is claimed.

Robinson stoutly denied all knowledge of the affair, while Lawrence claimed that he was simply acting as the go-between in delivering the liquor. Attention will be given their cases in due time.

Cann and Hillhouse entered pleas of guilty to charges of bootlegging placed against them.

## STILL AT LARGE CARELESS NOW

So Far Sherlock Holmes Has Eluded Capture.

The Washington Daily Herald Sherlock Holmes contest is one of the most popular ever conducted in Washington, and the usual greeting of citizens on the down town streets this morning was "Good morning, have you seen Sherlock," or else, "You are Sherlock Holmes," as it was announced as advertised that a big hint would be given all those attending last night's performance at the Palace Theater, and they were told the Washington C. H. Sherlock Holmes is really a prominent citizen of this city.

The large crowd which attended the Palace Theater last night were unanimous in their praise of this splendid picture and were advising all friends not to miss it.

At time of going to press Sherlock had not been captured, which leaves only two hours to catch him. He will be very careless now as he positively must be caught before 6 p. m. Full details and particulars of his capture and how it was accomplished together with personal interviews of Sherlock and the citizen who captured him will be printed in the next edition of The Herald.

## BILLY FAIR WINS AT YOUNGSTOWN

At the Youngstown, Ohio, race meeting yesterday the 2:12 pace, purse \$500, was captured by Billy Fair, a member of the Mallow string which is at present copping off a surprisingly large number of events.

In the first heat the Mallow horse finished second in 2:11¾. The second, third and fourth heats he won in 2:08¾; 2:10½ and 2:10.

Homer S. another Fayette county horse, in the same race finished fifth. The owner and driver of Homer S has been particularly anxious to meet Billy Fair in a contest averting his ability to win over him. Later on the two may clash again.

## YOUNG THIEVES ARE UP AGAIN

Harold and Jess Lindsey, two youngsters who have been giving the police a great deal of annoyance by their pilfering and thefts about the city, were taken into custody again Friday morning, charged with entering the Harlow home west of this city, Thursday afternoon, and stealing some \$2 or more from the house.

Arrangements were made to turn the pair over to the probate court.

# LIEUTENANT PAUL IS STILL ON DECK

The following breezy note from First Lieutenant B. E. Paul, Company M, has found its way past the censor:

"Camp Willis, Columbus, O., July 13, 1916

SHERMAN TOLD NO LIE!

"Kindly excuse me for not writing before, but I have been so busy making a muzzie for Villa. I and General Funston will, no doubt, exhibit him on the lawn at the court house at some early date; don't push; keep in line and get your thin ones ready.

"This is sure some camp; about 14,000 soldiers here. But all are not soldiers, they only think they are, some are good, some are bad; but very few are taken up for a misdemeanor of any kind, and you can't say that about any town that has the same number of people in it.

"Tonight it is raining and that means mud for the morrow. Have you ever been wet clear through, miles from home? Well that is just the way the boys who just went on guard will be for the next twenty-four hours. That is what you get playing soldier for your country at 50 cents per.

"I am going to try and return home as pure and sweet as when I left if I don't succeed, well, you can see how I am placed.

"I suppose I should say something about the rest of the bunch, but I am afraid I will let the cat out of the bag.

"So far the Governor has not been out to call on Company 'M,' most everyone else has and they always bring plenty of chewin' and smokin' and they sure go to it.

"B. E. PAUL, Lieut."

## SOCIAL MARKED BY PLEASING FEATURES

The Epworth League social and entertainment at Grace church moved off smoothly and to the pleasure of all attending Thursday night.

It was held in accordance with the rules of the "Front Line League" issued in preparation for the Ohio Conference Epworth League Institute, to be held in two weeks on the Lancaster camp meeting ground. Each League is credited with points in connection with these socials and a banner will be given to the League most successful in scoring.

The local League was divided into three parts, the entire membership taking part in the interesting features of the evening.

One division put on "Biblical Tableaux," which were wonderfully beautiful and artistically posed. Spot lights operated by Mr. Jesse Hyer added to the effect. "The Virgin" was especially beautiful.

Mrs. Fred West and Miss Edith Gardner assisted in arranging the tableaux.

The Relic in charge of Pauline Pine, showed a fine collection of relics and was most interesting.

The refreshment division provided most delectable refreshments, ice cream, cherry pie, cake, whipped cream and fruit punch.

The young people lent most willing assistance to the promoters of the social. The assistance of Mr. Walter Sprenger was much appreciated.

## CORNERSTONE LAYING

The work of erecting the new brick White Oak Church is being rapidly pushed forward. Next Tuesday, July 18 the community will gather at 12:30, standard time, for the laying of the Cornerstone. They expect to have several ministers present. For 85 years the people have worshipped at this place. They are now consecrating this building, hoping that it may serve the present century.

All are invited. Come and participate in this splendid service.

G. H. HARPER, Pastor.

## SPLENDID RECOMMENDATION

By Prominent Business Man of This City.

July 13, 1916.

Messrs. J. W. Duffee & Co., City.

Gentlemen: About two months ago we discovered a big nest of ants in our lawn and attempted to get rid of them, using gasoline, turpentine, lime, etc., in turn. All of these failed to accomplish the desired result.

Your Mr. Todhunter gave the bill a liberal dose of your "Killo" and in a few days not an ant could be found. It certainly did the business.

Very truly yours,

## NOTED HACKNEY TRAINING HERE

"Starlight," one of the greatest Hackney mares in the world, is now in this city, and will be trained at the local race course for entrance in an event at the State Fair, and virtually the entire horse world will keep an eye upon the noted animal.

Starlight is owned by Dr. V. T. Churchman, of Charleston, West Virginia, who owns one of the largest show stables in the United States, and Starlight was formerly in the show stables of J. W. Hariman, owner of Nala, greatest show horse the world has ever known and former owner of Lady Dilham, now owned by Mrs. Edward McLean, Washington, D. C.

Starlight has taken prizes in all the big shows of the country, and she is shipped to Mr. Chas. Allen of this city to be trained for a Hackney trot, a feature of the State Fair.

Several months ago J. Macy Willets, of New York, offered \$400 and an Englishman offered several fine cups for a Hackney that could trot a mile in three minutes or better. As a result of the efforts of D. R. Acklin, member Board of Agriculture, \$50 has been offered for any Hackney successfully competing in the event.

It is expected that under the training the mare will receive at the hands of Mr. Allen she will be able to win the event. Meanwhile

all horsemen await the result, taking deep interest in the affair.

## PLAN MEETING IN MID OCEAN

**Deutschland to Greet Sister Submarine Boat Bremen.**

New York, July 14.—There will be a memorable meeting "somewhere in the Atlantic," shortly, if plans now under way materialize.

When the German undersea merchant marine Deutschland has skipped out between the Virginia Capes on her homeward journey and manages to elude the allied warships as successfully as she did when she slipped beyond the three mile limit on her arrival, she will meet not far from the shore her sister ship, the U boat Bremen, and the captains may have an important little chat by means of signals, or, if possible, even by megaphone; in fact, if the waters are clear of the enemy they may even get close enough to shake hands. It is to arrange this meeting that the tug Timmons, which served as the Deutschland's buoy last Sunday, has mysteriously disappeared.

The Bremen is said to be now en route for New York harbor, and is expected here about July 29, so that the Deutschland will probably start on her return voyage three or four days before that date.

The Bremen, according to present plans, will come in by way of Montauk Point, making her way to quarantine by City Island and the East river, and after passing inspection by the port authorities will proceed directly to the North German Lloyd piers in Hoboken.

A third submarine, named Amerika, will follow the Bremen. The latter

will bring mails, dyestuffs and valuable drugs and chemicals. She is much larger than the Deutschland and her cargo will be of inestimable value. The Bremen, it is stated, will take both mail and passengers back to Germany. Her cargo, according to the informant, will be "a cargo of brains," for the U boat is to take back to the Fatherland certain scientific men and technicians.

## CHARGED WITH MURDERS

(By American Press)

Duluth, Minn., July 14.—Strike troubles on the Mesaba iron range has brought twenty-eight men to jail here to date. Of this number twelve are held on charges of first degree murder and the remainder for assault, trespass and other minor charges. Most of the men under arrest on charges of murder are Industrial Workers of the World and are accused of having incited their fellows to violence and bloodshed.

## PLAIN TALK

(By American Press)

Washington, July 14.—President Wilson served notice on "new-comers" that they must be loyal to the United States whether they are pleased with this country or not. He charged that political activity of any organization of naturalized Americans is "absolutely incompatible with the idea of loyalty." The president addressed the citizenship convention, in session, called here by the bureau of naturalization of the department of labor, to study best methods for teaching foreigners what is necessary to become a citizen of the United States. "We have been disturbed recently by certain symptoms which have shown themselves in our body politic," President Wilson said, referring to some naturalized Americans. "They have gone so far as to draw themselves apart and have been more loyal to their native country than to America."

## GERMANS STRUGGLE AT KOVEL

**Russian Advance Is Halted Temporarily.**

**BOTH ARMIES REINFORCED**

Battle of Equal Intensity Raging Further to the South, On the Lower Stripa—Germans Assaulting Souville Fortress in Verdun Sector. British Report Gain On the Somme. Operations Elsewhere.

London, July 14.—General Brusiloff's tremendous blows are being continued without apparent lull or hesitation. Temporarily, at least, the Austro-Germans appear to have halted the Russian advance along the Stokhod. Both sides are reported to be hauling large reinforcements of men and guns into this titanic struggle, the prize of which is the immensely important strategic town of Kovel.

Further to the south a battle of almost equal intensity is raging on the lower Stripa, where the Russians are striking north in an effort to crush General Von Bothmer and flank the entire Austro-German line.

The Austrians admit that the Russians penetrated Von Bothmer's front at some points, but assert they were driven out again in counter attacks. The Russians claim to have taken 2,000 prisoners, but make no mention of a gain in territory.

The British report says that artillery was active on both sides on the Somme river and the British infantry in sharp fighting kept up its pressure against the Germans and "appreciably advanced our line at various points of the front."

The British statement reports the capture of German howitzers, and adds that "these will be used against the enemy at a suitable opportunity."

The French official communique says the day passed quietly except on the front northeast of Verdun, where a lively bombardment was maintained in the sector of Souville fort, the immediate objective of the Germans on the right bank of the Meuse.

A careful study of the German press reveals that the allied offensive in France is regarded with alarm in Germany. Several newspapers admit that the crisis is very grave. Since the beginning of the war neither the German experts nor the German people have had any fear of the result. This is the first instance when the press finds it necessary to explain in detail the first German reverses and to prepare for the possibility of others by reassuring the people that the final victory is Germany's, no matter what may happen.

## HUGHES IN OHIO

(By American Press)

Columbus, July 14.—The committee in charge of the Republican reunion to be held in Columbus on a date to be fixed between Aug. 8 and 21 announced that Charles E. Hughes and Charles W. Fairbanks, Republican candidates for president and vice president, had accepted invitations to be speakers. Governor Willis, Senator Warren G. Harding, John Hays Hammond and several candidates on the state ticket are among those scheduled to speak.

## FOURTH OFFICERS ARE REJECTED

(By American Press)

Columbus, July 14.—Three captains and two lieutenants of the Fourth infantry of Columbus have been tentatively rejected by the federal physical examiners. All, however, have asked for re-examination. Cases still under consideration, though tentatively rejected, are Captain Floyd Simmons of Columbus; Captain Louis S. Houser of Company H, Chillicothe; Captain Abe Newlove of Company E of Marysville, and Second Lieutenant W. D. Moccabee of Company I, Columbus. The average number of rejections among enlisted men in the Fourth thus far has been about 20 per cent. Companies K, L and M and half of I are yet to be examined.

## BRITISH BOATS SUNK

London, July 14.—A British fishing fleet off the northeastern coast has been attacked by a German submarine. The trawlers Florence and Dalhousie, as well as several smaller vessels, were sunk.

## FIRE FROM BRITISH GUNS BATTERS REAR OF GERMAN LINE

"An extraordinary thing happened as I looked across to Chateau Contalmaison," says a British observer of the battle of the Somme. "The earth seemed suddenly to open in the enemy's lines and let forth the smoke of its inner fire. It gushed out in great round, dense masses and rose to a vast height, spreading like the foliage of some gigantic tree. It was not a mine explosion, for a mine flings up a black mass, with jagged edges like a piece of black cardboard cut into

teeth. But this was a regular uprising of curly black clouds of great volume, getting denser and coming continuously. I watched it for twenty minutes or more and could not make out its meaning, but guessed we had blown up an ammunition store. Two great explosions which came quite a few seconds after the first vomit of smoke suggested this." In the picture are seen a gun and the ammunition used in the great British artillery attack on the German lines.

## SIX "MAN EATERS" SEEN IN BAY

**Desperate Efforts Made to Exterminate the Monsters.**

New York, July 14.—The consternation that has been reigning in all of the nearby bathing resorts and along the entire Jersey coast assumed panicky proportions since the killing of two men and an attack on a boy by the man-eaters. Six of the monsters were seen speeding into Raritan bay, while another was found struggling in the meshes of a net.

One of the two sharks that caused the death of two men and nipped away the calf of a boy's leg is believed to have been trapped in Matewan creek, where the tragedies took place. One of a party of shark hunters reported that he saw the shark's fin within 25 feet of the spot where the attacks took place. Two big charges of dynamite were dropped at once and men armed with rifles stood ready along the banks of the creek to shoot the sea monster in case he was blown to the surface.

Beaches famous for their bathing advantages were deserted. The dread of the sharks has caused inestimable damage to the seashore establishments. At many places barriers are erected and the shore is patrolled by armed men.

Fishermen believe that the sharks which have terrorized New York waters of late are not of the ferocious man-eating or tiger variety, which attain a length of 30 feet, but are the common hammerhead and blue nose sharks driven desperate by the scarcity of fish.

Classified advertising pays big.

## ARMY STYLE

(By American Press)

Cleveland, July 14.—Seven hundred militia from New York state passing through Cleveland over the Nickel Plate railroad left the train when it stopped at the Broadway depot, and proceeded to raid nearby stores and commission houses, taking food and merchandise and destroying what they did not carry away. A riot call was turned in. The soldiers were driven back to the train by a squad of twenty armed men. Some of the soldiers said they had not eaten in thirty-six hours.

## BLEUCHER'S GRANDSON

(By American Press)

Berlin, July 14.—Prince Gebhardt Bleucher Von Wahlstadt, grandson of old "Marshal Forward," whose timely arrival decided the battle of Waterloo, has succumbed to injuries he sustained in a fall from his horse near Breslau.

## ROOSEVELT'S CLAIM

(By American Press)

Detroit, Mich., July 14.—Theodore Roosevelt has written a letter to W. H. Hill of Detroit in which he says that it was not he that deserted the national Progressive party, but that it was the national Progressive party that deserted him.

# BRINGS HEALTHY COLOR TO CHEEKS

Many women are compelled to lie down at frequent intervals during the day. This, of course, is due to weakness, the forerunner of serious ills to follow.

At first there will be great languor, especially in the morning; faintness, dizziness, weakness or sinking at the pit of the stomach. The digestion becomes impaired and appetite is gone. Then comes palpitation of the heart, shortness of breath on any slight exertion, cold hands and feet, headaches, paleness, dark circles under the eyes, a dragging pain across the hips; the memory becomes poor, the disposition irritable and nervous, the least noise or unusual occurrence upsets the nerves.

Disease quickly destroys the complexion, making it yellow or greenish looking, the cheeks become sunken and spots of a brownish hue appear on the skin.

All these symptoms are caused by poor circulation and an exhausting blood away of the nerve force. The blood becomes thin and watery and the nerves lack strength.

It has been admitted that ills peculiar to women, in most cases start

in the stomach; that when digestion is good, the blood is good, the nerves and organs are properly nourished and strength is the result.

In hundreds of thousands of cases, Tanlac has been the means of relieving the ills of women, because it gives strength and tone to the system. Tanlac is a tonic, prepared from roots, barks and flowers gathered in many parts of the world. Testimonials from women who have used it say "It has made me a new woman," "I feel healthy again," "I enjoy my housework" and other like expressions.

Tanlac may be obtained in Washington C. H. at Blackmer & Tanquary's.

Tanlac may be obtained in the following nearby towns, Sabina, J. J. Spurgeon; Wilmington, Harry Christopher; Jeffersonville, J. B. Davis; Jamestown, W. F. Harper; Greenfield, Harry Christopher; Bainbridge, A. W. Fetter; Anderson, C. A. Graves; Chillicothe, Mushler Pharmacy; Leesburg, Chas. W. Feller; New Vienna, W. C. Higley; Austin, William M. ## FAKE WHEAT VARIETIES

Fake varieties of wheat are frequently sold at extravagant prices to Ohio farmers often with the claim that only about one peck is needed to seed an acre. Tests at the Ohio Experiment Station show such claims to be fraudulent.

In Bulletin 298 of the Station yields reported show that a variety widely advertised as "Miracle" proved inferior in 1911 to such old standard varieties as Gypsy, Fultz and Poole. In 1913 a similar wheat called "Marvelous" yielded five bushels less to the acre than Mediterranean when seeded at the rate of eight pecks per acre. Seeded at this rate in 1915 the same variety yielded less than Poole and Fultz.

All tests show these fake varieties need the usual rate of seeding. When one peck of seed was sown to an acre in 1913, the yield was only 7.4 bushels but eight pecks produced 30.9 bushels.

## MAY REJECT MANY MEN OF COMPANY M

So rigid is the regular army examination given the Guardsmen being mustered into federal service, that fully 20 per cent of the men are being rejected in some of the regiments, and the average has been maintained in the Fourth, so far as examinations have progressed.

It is expected that 20 to 30 members of Company M will not pass the examination, and the belief is expressed that one or two of the main officers may fail in the physical test.

Company M will be examined this week, along with Companies K, L and I. Other companies of the Fourth have lost heavily in the examinations, and three captains have been included in the list of those rejected.

# HARDING GIVES OUT PROGRAM

New York, July 14.—On Monday, July 31, at 8 p. m., the official notification ceremony of the nomination of Charles E. Hughes will be held at Carnegie hall here.

Announcement to this effect was made by Senator Harding, chairman of the committee on notification, after a conference with Mr. Hughes and Chairman Wilcox of the national committee. Mr. Hughes' suggestions as to the time and place for the ceremony were adopted, but the hour was changed from 3 o'clock—originally favored by the nominee—to 8 o'clock.

"There will be invited to be present," said Senator Harding, "members of the Republican national committee, delegates and alternates to the national convention at Chicago, Republican governors and Republicans in the house and senate, the heads of the Republican organizations in the various states, members of the Progressive national committee, officials of the Progressive party. The notification ceremony will be followed by a reception at the Hotel Astor given by Mr. Hughes to the invited guests."

Senator Harding said that both Colonel Roosevelt and Mr. Taft would be invited to the ceremony and reception.

Carnegie hall has a seating capacity of approximately 3,200. If there is any room left after reservations have been made for invited guests it will be thrown open to the general public.

Charles B. Warren of Detroit and Chairman Wilcox had a long conversation over the transcontinental trip which Mr. Hughes expects to start early in August. The plan provides for one speech in Ohio, another in Illinois and a third in Michigan on the trip west, the two weeks' stay in the Rockies on which Mr. Hughes is counting, and a return east from California by the southern route.

## \$5,811,000 FOR OHIO HIGHWAYS IN FIVE YEARS

What the signing of the Shookleford-Bankhead Good Roads Bill by President Woodrow Wilson means to Ohio is told in a bulletin which is now being issued by the Ohio Good Roads Federation. The state will receive \$193,000 in 1917 to aid in road construction; \$387,400 in 1918 which will be the second year; \$581,100 the third, 1919; \$774,800 the fourth year, 1920; and \$968,500 the fifth year, 1921, making a total of \$2,905,500 to be appropriated by the Federal Government for road building in Ohio. As each state must meet the Federal appropriations dollar for dollar, it can readily be seen that the law means that there shall be expended in Ohio \$5,811,000 in road improvements under federal supervision during the next five years. This is in addition to present expenditures by the state and counties.

The Federation says that in order to comply with the requirements of the national government new laws must be enacted providing the means and methods of co-operation between the administrative authorities of the state and nation, agreeing to the maintenance for at least ten years of all roads improved with the aid of Federal government money, and making the proper and necessary appropriations to meet the requirements of the new law and the Federal officials who administer it.

The part which the Ohio people played is indicated by a letter from Congressman Shookleford to Secretary W. A. Alsford of the Ohio Federation. He says: "I want to thank you very much for the assistance you have given me in getting this bill through. It is not just what any of us wanted but I believe it is the foundation for future legislation that will make this country great."—Ohio Good Roads Federation.

## LOOKS GOOD

Washington, July 14.—President Wilson is understood to have selected John H. Clarke, United States district judge at Cleveland, for the seat on the supreme bench formerly occupied by Charles Evans Hughes, the Republican presidential candidate.

The president's final choice lay between Judge Clarke and Judge Victor Dowling of New York. The president considered Judge Dowling so favorably that some officials are not quite convinced that he has been entirely eliminated. The admission by White House officials that Judge Clarke was being carefully considered was accepted here, however, as practically amounting to a disclosure of his selection. The president is said to have been especially impressed by the manner in which Judge Clarke has acquitted himself of his judicial duties upon the district bench.

## NEAR THE END OF ORPET TRIAL

By Associated Press Dispatch.  
Waukegan, Ills., July 14.—There was said to be every prospect today that the case of Will H. Orpet, on trial for the murder of Marian Lambert, would be in the hands of the jury tonight, a day earlier than had been expected.

James H. Wilkerson, chief of Orpet's counsel, made the final argument for his client, asserting that the element of reasonable doubt

loomed large in every circumstance of the case except where they had been absolutely removed by the defense.

It is possible the case will be consigned by the jury by 7 o'clock tonight.

SOLDIERS ON BORDER

Mrs. Seth Barton French.

Mrs. Seth Barton French, prominent in New York society, who has just returned to her home after completing part of a 7,000 mile tour on which she started in behalf of the allied hospital work and Serbian relief fund, has applied to Secretary of War Baker for permission to go to the Mexican border for the organization of hospitals there. Mrs. French was among the first women who offered their services as nurses in the European war. She took up relief work in Serbia, to which country her father, Walker Fearn, was at one time United States minister.

### GOOD WHEAT YIELD

Mr. W. W. Wilson completed threshing Friday afternoon the crop of wheat harvested on his home place on the Greenfield pike, south of this city. The wheat made a little over 21 bushels to the acre. The field contained about 24 acres. The banner yield of the season so far reported.

### REMEDIES FOR CHIGGERS

If a bath is taken in hot water or with strong soap soon after exposure in shrubbery and weeds infested with chiggers, or harvest mites, usually no ill effects will be noticed from attacks of these pests. After long exposure, however, a bath has no effect, and a cooling substance should be applied to inflamed parts. After irritation has set in, liberal applications of strong solutions of ammonia, common baking soda or saleratus are recommended by R. D. Whitmarsh, assistant entomologist at the Ohio Experiment Station. A dilute solution of iodine or collodion has also been found effective in many cases.

Persons visiting areas infested with chiggers may prevent attack by dusting flowers of sulphur or naphthalene in their clothes, especially below the knees.

## ZEPPELIN HEADS FOR AMERICA

Baltimore, July 14.—A giant Zeppelin will shortly cross the Atlantic and visit the United States. Addressing a party of city officials who inspected the submersible Deutschland, lying at the slip on Locust Point, Captain Koenig said: "To you the trip of the Deutschland is a wonderful thing, but Germany will shortly give the world a bigger surprise. There are being built in Germany now great Zeppelins and within a short time, a few months at most, they will sail through the air to the United States."
